Fresh Reparations Proposal Expected From the Germans

Belief in Paris is That Berlin Government Will Submit New Scheme In Effort to Find Way Out of the Tangle.

Paris, April 8.—It was stated semi-officially to-day that a fresh reparations proposal was expected from Germany.

Unconfirmed reports are in circulation that the Germans are making another effort to interest the United States in the question by negotiations between Karl Bergmann, German Under-Secretary of the Treasury, and Roland W. Boyden, formerly American unofficial representative with the Allied Reparations Commission. Mr. Boyden, however, now is in Vienna, on his way to Constantinople, it is understood.

COMMISSIONERS RENEW SESSION

ONLY ONE MORE JOB TO FILL ON BOARD

Attorney-General Looking For Returned Soldier For Liquor Post

The meeting of the city police commission adjourned from last evening, was set for 9 o'clock this morning, but did not take place owing to the unavoidable absence of Dr. Ernest Hall, police commissioner, who had an operation to perform at the Jubilee Hospital. Mayor Porter and Commissioner Joe North then adjourned the meeting until the same hour to-morrow morning.

The Estimates.

The commissioners, however, discussed a number of matters informally, Chief Fry being present.

The suggested list of estimates for the current year was submitted to the commissioners. The sum called for an increase of about \$1,300 over the appropriations of last year. The sum of \$109,235 had been appropriated last year, but the expenditures had exceeded that sum by \$2,045.67. This year the estimates call for \$111,125, an actual reduction in the amount spent last year. The expenses last year were tabulated as salaries—\$94,601, maintenance, \$15,320, and with a balance of \$1,849.55, and the excess of \$2,045.67.

The itemized estimates for this year give the figure of \$95,250 for salaries; \$5,000 for clothing; \$3,000 for the upkeep of prisoners; \$250 interpreter fees; \$700 inquiries; \$2,000 fuel and light; \$1,000 for the motor patrol; \$300 secret service; \$1,000 for transportation of prisoners; \$400 for printing; \$25 witness fees; \$100 for furniture; \$300 for buildings; \$600 for motor cycles; \$300 for auto hire and gasoline, and \$2,000 for sundries, a total of \$11,125. The estimates were not discussed but left for a full meeting of the board.

Must Be Made by White Men.

Chief Fry brought up the question of tailors. Mr. North added some enlightenment on the method of allotting contracts for the clothing. It was suggested that the cloth and lining of uniforms be bought wholesale, and that with the buttons and trimmings be turned over to a tailor for making up. Here followed a discussion on the relative merits of the different tailors, when Mr. North stated that he had heard repeatedly of cases where suits ordered from the largest class of tailors in town, and actually made by the Chinese had in many cases ripped the lining of a coat to show that this was the case. The board decided then and there to see to it that only white men made the uniforms, and that they did the work, and not sublet the making to Chinese down town.

Zero Number.

Chief Fry asked for the consideration of a project to unify all police telephones, so that the department could have a zero number to call out till the force at a moment's notice. The Mayor said that the idea was worthy of serious consideration, and would receive attention.

Chief Fry advocated a system analogous to that of the fire department two-calls for this purpose, if that arrangement could be made with the telephone company.

The meeting adjourned at this point to meet again at 9 o'clock to-morrow morning.

**GERMAN TRADE
WITH CHINA GROWS**

Washington, April 8.—A very negligible increase in German trade activity in China was reported to the Department of Commerce to-day by Commercial Attaché Arnold at Peking. Considerable quantities of German manufactured good, including electrical machinery, dye, iron, steel products and hardware, he said, are becoming factors in the Chinese market, while exporting of Chinese products through German concerns also is being developed.

LEGALIZED.

Lincoln, Neb., April 8.—A bill legalizing the practice of Christian Science was passed by the Nebraska house yesterday.

WARM WELCOME FOR WENATCHEE

Big American Liner Will Dock Here To-morrow Afternoon

Chamber of Commerce Plans Reception

Plans for a warm reception to the United States Shipping Board steamer Wenatchee have been made by the Chamber of Commerce, and the public is heartily invited to take part in the ceremonies.

The vessel, which is the first of a fleet of five to enter the Seattle-Oriental trade, making Victoria the only Canadian port of call en route, will dock at the Outer Wharves at 4 o'clock to-morrow afternoon, and will sail for the Orient at 6 o'clock.

A hearty greeting.

During the stay here, it is desired that the influential passengers aboard the vessel be impressed with the natural attractions and the people of Victoria. The Chamber of Commerce is anxious to seize this opportunity of letting them know that Victoria is alive to the importance of having this fleet of big American passenger and freight vessels make this a port of call.

A large attendance of officials and prominent business men will be on the dock to extend a welcome to Captain Gurnill and officers of the ship and to the passengers and leading men of Seattle, Tacoma and other points who will travel on the Wenatchee as far as Victoria to bid her a farewell. After the official reception the public will be invited on board the steamer. Following the welcome at the docks, the passengers will be taken for a drive about the city.

Many visitors.

More than 10,000 people visited the Wenatchee in Seattle yesterday, and the vessel shifted to Tacoma, where she is being visited by large numbers of people there to-day. The steamer will leave here for Yokohama, Kobe, Shanghai, Hong Kong and Manila, returning by way of the Orient and she will make a round voyage in 65 days. The run from Seattle to Yokohama will be made in ten days. She is scheduled to return to Seattle on June 4 and on that date, the second of the vessels allocated to this run will leave New York for this coast via Havana and the Panama Canal.

Many Passengers.

Besides 60 first class passengers, more than 200 Chinese third class passengers are sailing on the Wenatchee.

The 80 first class passengers include more than 20 round trip travelers representing the Seattle Chamber of Commerce and Commercial Club, the Tacoma Commercial Club, the city of Wenatchee.

(Concluded on page 4.)

FACTIONS FOUGHT**IN CITY OF PADUA**

Italian Nationalists and Socialists Had a Clash

London, April 8.—Offices of the Chamber of Labor in the Italian city of Padua were burned last night by members of the extreme Nationalist group, says a Central News dispatch.

The Socialists at once proclaimed a general strike and formed a procession with the intention of burning one of the Nationalist clubs in the city. While marching through the streets the Socialists encountered a procession of Nationalists and in the fighting that ensued one man was killed and many injured. The Socialists were routed and dispersed.

The Socialists quotes the newspaper Temps of Rome as stating that thirty-nine anarchist have been arrested at Ferrara, twenty-six miles northeast of Bologna, on a charge that they were implicated in a plot to bomb Nationalist clubs, a theatre and several cafes.

(Concluded on page 2.)

LEAGUE COUNCIL TO DISCUSS POSITION OF MESOPOTAMIA

London, April 8.—Consideration of the British mandate over Mesopotamia will be had at the next meeting of the Council of the League of Nations, which will be held June 4, Mr. Lloyd George has written to Sir J. D. Rees, a member of the House of Commons.

NORTH SASKATCHEWAN HAS FALL OF SNOW

Prince Albert, April 8.—Snow ceased falling in the northern area this morning. A fall of twenty-three inches has been recorded since Sunday. Temperatures last night showed that they were implicated in a plot to bomb Nationalist clubs, a theatre and several cafes.

(Concluded on page 2.)

Wounded Soldiers Return To Greece in Thousands

Athens, April 8.—Wounded Greek soldiers are arriving in such numbers from the Smyrna and Brusa fronts that sanitary authorities in this country are unable to care for them properly. Two thousand injured men arrived at Piraeus yesterday and found inadequate hospital accommodations.

Queen Sophie has appealed to the American Red Cross in Paris for nurses. Many women of Athens are leaving to work in the base hospitals in Anatolia.

In Danger.

Paris, April 8.—Turkish Nationalists have gained their advance in the Brusa sector of Asia Minor, according to dispatches received at the French Foreign Office.

Fears are entertained here for the safety of the entire Greek expeditionary force. The magnitude of the reverse suffered by the Greeks defending the place fled abandoning important supplies and losing thousands of prisoners.

Warned.

When it was discovered, Mayor E. Robertson and Chief of Police T. P. Keegan issued a warning to the inhabitants of the homes in peril, and the Mayor ordered the high-tension water line running along the hillside to be cut, so that there might be no flood damage in case a landslide should come. Watch was established and has been maintained.

The ancient name of Isnik was Nicaea. The first General Ecclesiastical Council met at Nicaea in 325 A.D. on which occasion the Nicene Creed was framed.

Brought Cavalry.

Angora, April 8.—Kuzum Kara Bekir, commander of the Turkish

ASKED TO DECIDE IF LOWLY CLAM IS MIGRATORY FISH

Washington, April 8.—The age-old question whether a clam is a migratory fish came to the Supreme Court to-day for decision. Mussel Fisher, operating on Little River, Missouri, appealed for a review of decisions holding that removal of the shellfish from a public stream passing through private property was "trespassing," despite the laws vesting all rights to game and fish in the public. The lower court held that "the fresh water mussel is a shellfish capable of locomotion sufficient to bring it within the category of migratory fish."

The vessel, which is the first of a fleet of five to enter the Seattle-Oriental trade, making Victoria the only Canadian port of call en route, will dock at the Outer Wharves at 4 o'clock to-morrow afternoon, and will sail for the Orient at 6 o'clock.

UTAH HEN SAID TO LAY LARGE EGGS REGULARLY

Salt Lake City, Utah, April 8.—A dispatch from Portland, Oregon, states that there was a prize hen there which laid an egg seven and a quarter inches around from point to point, has provoked a statement from Mrs. N. L. Raub, of Salt Lake City, that she has a bird that can easily outdo the Oregon product.

Mrs. Raub claims that her prize hen lays an egg seven and a half inches around every other day, and in further depreciation of the claims of Oregon says, "And it's not a double-yolk egg, either."

The vessel, which is the first of a fleet of five to enter the Seattle-Oriental trade, making Victoria the only Canadian port of call en route, will dock at the Outer Wharves at 4 o'clock to-morrow afternoon, and will sail for the Orient at 6 o'clock.

Notice to Street Car Patrons

Re-routing of Street Cars

During repaving of Government Street, effective 8 A. M., Saturday, April 9.

While this work is in progress it will be necessary to make slight alterations in the routing of certain street car lines, particulars of which are given below:

Outer Wharf and Beacon Hill:
Cars will operate between their respective termini and the corner of Humboldt and Government Streets only. No change in time schedule.

Fernwood:
Cars will make the corner of Yates and Government Streets their city terminus. No change in time schedule.

Cloverdale:
Cars will come into the city via Douglas and Yates Streets, returning to the Cloverdale terminus via Government Street. No change in time schedule.

The above will remain effective until further notice.
As the work proceeds, it may be necessary to make some slight alterations in the routing of the Fort Street, Gorge and Esquimalt cars, due notice of which will be given.

SAYS SOVIETISM

WORST TYRANNY

American Communist Saw Bolshevism; Condemns It

Reval, April 7.—"The decaying civilization of Soviet Russia" was depicted as the worst tyranny in the world by Dr. Morris Zucker, known here as a leader and organizer of the Communist Party in the United States, who was born in Brooklyn, N. Y., on his arrival here to-day from Moscow after nearly five months in Russia.

"Conditions steadily are becoming worse," he declared. "What little foreign trade Russia is able to get is of no help to the people. There is everywhere the victim of tyranny, and go about in a hopeless attitude because of the great constant terror."

Dr. Zucker last June was pardoned by President Wilson after having been sentenced to fifteen years on being found guilty of sedition. New York, April 8.—He left the United States in September, and arrived in Russia in November. Three days after his arrival in Moscow he was imprisoned, and spent most of the time he was in Russia in confinement.

Victims

Inside the prison, Dr. Zucker said, he met victims of Bolshevik tyranny, men of all classes, there because they had opposed him, aided by the small Bolshevik minority. These included former grand dukes and workers, whose common ground, according to Dr. Zucker, was their opposition to "absolute tyranny."

Dr. Zucker, who also has with a group of Germans on the way home from Russia, where they had been prisoners, said he hoped to return to the United States to relate the facts regarding Russia, and disillusion those who thought there was anything like freedom under the Soviets.

Outlook

"The present regime will undoubtedly continue for a long time, but must make epochal changes to hold on. Its power of terror is too great for it to be overthrown now," said Dr. Zucker.

Zucker went to Russia to investigate whether there was a real dictatorship of the proletariat or a dictatorship of a few leaders. He had found the latter to be the case. On his arrival in Moscow he was told by Santei Nuoreva, formerly secretary of Ludwig Martens, "Soviet Ambassador to the United States," and now controlled Soviets in Russia, to whom he presented himself, that it would be inadvisable to permit him to investigate conditions. Therefore, Nuoreva declared, Dr. Zucker would be sent out of Russia in a few days. Meanwhile, he was informed, he was to be detained in prison. His detention continued until March 27, and he left Moscow last Thursday.

ENJOYABLE EVENT HELD AT DUNCAN

Duncan, April 8.—The members of the A. O. T. Club spent another jolly night. The hostesses were Mrs. (Dr.) Watson, Mrs. Coyne and Miss Seator. Ladies' first prize was won by Mrs. H. W. Dickie; gentlemen's first prize by Dr. French; ladies' consolation prize by Mrs. C. H. Dickie, and gentlemen's consolation prize by James Greig.

Mr. Brown and Mrs. Cameron, of Victoria, were visiting India.

This was supposed to be the last party of the season, as James Greig, on behalf of members, presented C. W. O'Neill with a box of golf balls as a token of esteem for the splendid way he had acted as secretary and general manager of the season's parties. Mr. O'Neill informed the members there was still little fund on hand, so it was decided to hold a "box" social next Thursday to wind up the series of successful events.

WHITE'S RESIGNATION

MAIL ROBBERY

IN CINCINNATI

Thugs Carried Off Registered Mail Packages

Cincinnati, Ohio, April 8.—Post office inspectors and police to-day failed to find any trace of the three bandits who last night held up a United States mail truck here and robbed it of three pouches of registered mail.

Boarding the truck as it was leaving the Baltimore and Ohio Railroad station at Baymeister Street, the robbers forced Joseph Arbino, the driver, and Walter B. Hubler, a railway mail clerk, to drive to a secluded alley, where the two—wearing balaclavas—the third being carefully selected the registered mail pouches from about fifty sacks.

An estimate of the amount of loot was unobtainable because of the fact it was incoming matter from Detroit and other points, and the facts will not be disclosed until further investigation is made.

Sir Henry Drayton withdrew the motion and the committee took up the Marine Department estimates.

Grain Inquiry

Premier Meighen said the Government had not as yet appointed a commission to investigate the grain trade.

Hon. T. A. Crerar had asked as to the truth of a report that Judge Hyndman, of Edmonton, and W. D. Staples,

of Winnipeg, had been selected as two members of the commission.

Cables Repaired.

Sidney, April 8.—The seven o'clock whistle and the roar of the railroad mills were indicative of the business re-opening of the big industrial plant and will have quite a welcome effect on economic conditions in Sidney's business life.

The mill is understood to be cutting on the railroad to the country which British Columbia gets from the Egyptian Government.

The first of the order is to go to Alexandria on the Canadian Pacific, which is due to leave Vancouver in April, picking up part of her cargo at Genoa Bay, from where she will leave for her destination.

She will then proceed to Europe and will go out monthly or semi-monthly by the Canadian Merchant Marine Service until completed.

Timbers on a large order for the

Japanese Government is being cut by British Columbia mills, part of which order goes to the local mill.

For more cable trouble.

H. E. Ellsden, of Vancouver, who had been super-

tending the repairs to the telephone cables to the mainland and Sidney Island, had got the job finished, he went to Burgoynes Bay on the hunt

for more cable trouble.

Mr. Ellsden, who is inspector of the

telegraph branch of the Dominion

Public Works Department, is an old

hand on the telegraph and previously to

joining the Government service was

in the employ of the Canadian Pacific Railway telegraphs.

E. D. Hodges, of Woodstock Col-

lege, was elected president of Oxford

School Teachers' Association.

WINNIPEG LACKED NEWS SERVICE

Storm of Prairies Broke Down Wires

Winnipeg, April 8.—Telegraph and telephone services leading into Winnipeg were badly crippled yesterday as the result of an ice storm on Wednesday.

No press wires have been repaired satisfactorily for three hours.

The Canadian Press wire to Brandon and farther West was lost Wednesday night, and has been silent since that time.

Saskatchewan and Alberta newspapers are receiving a news report from Seattle via Vancouver and Calgary. Winnipeg papers received nothing yesterday until late in the afternoon, but in the evening the Canadian National Railway telegraphers succeeded in re-establishing connection with St. Paul and Eastern Canada, and a temporary news report was secured.

Hon. Edward Brown, Provincial Treasurer, proposed an immediate conference of Provincial Governments with the Federal Minister of Finance to consider methods of taxation. He declared that the income tax rightfully was the field of Provincial governments.

Winnipeg, April 8.—Representatives of more than seventy towns and cities of Manitoba held a conference yesterday at which members of the Government attended. A resolution was passed calling upon the Provincial Government to impose an income tax, with farmers exempted and to return the money, less cost of collection, to the municipalities from which it was secured.

Hon. Edward Brown, Provincial Treasurer, proposed an immediate conference of Provincial Governments with the Federal Minister of Finance to consider methods of taxation.

Geneva, April 7.—Examination of amendments to the League of Nations covenant has been begun by the amending committee of the League.

The committee discussed amendments offered concerning the permanent court of arbitration, extension of arbitration to non-members, and the unanimity rule in the Assembly and the Council, action to be taken as to a state failing to pay its contribution to the League, the methods of selecting non-permanent members of the Council, and attachment to the League of states too small to be full members.

These questions were left to a subcommittee which is to report in May.

The committee decided to postpone consideration of the Scandinavian amendments as to the economic situation.

It also decided to ask Argentina to submit, if it desires, a statement explanatory of its amendment providing that all sovereign states be admitted to the League on their request.

The committee requested the Chinese government to explain its amendment by which the Monroe Doctrine alone would be mentioned in the article which now refers to "treaties of arbitration or regional understandings like the Monroe Doctrine."

The discussion of the Canadian amendment for the elimination of Article 14 was postponed until after the return of Rene Viviani from America.

William Duff, Linnsburg, who led the Opposition attack, claimed that the loss to the country in the value of the ships and in operation was already \$5,669,952. He estimated that depreciation in value alone was \$35,965.

"The Prime Minister," declared Mr. Duff, "did not know what he was talking about when he said that the financial condition of the Government Merchant Marine was fair and satisfactory." Mr. Duff favored a Canadian merchant marine, but not one operated by the Government. As soon as the armistice was signed, the Minister of Marine should have abandoned his shipbuilding programme.

Hon. C. C. Ballantyne, of the Senate, attacked Hon. Rodolphe Lemieux on the ground that the latter was inconsistent in his attitude toward the Government Merchant Marine. Mr. Lemieux, the Minister of Marine, stated, had said that he favored shipbuilding for war purposes only, and that when the armistice was signed, the Government should have cancelled all outstanding contracts. He continued that Mr. Lemieux had not opposed the Government shipbuilding programme in 1919, but had spoken in favor of the appropriation.

Hon. W. L. Mackenzie King objected to voting blindly one-sixth of the total estimates. He said he expected that the estimates would be considerably reduced as the result of the armistice.

Hon. W. S. Fielding raised the point that on Thursdays and Fridays the House might go into supply without any delay, but on those days estimates could not be taken up of any department which had not previously been under consideration. A motion of this kind, therefore, could only be adopted by general consent.

Sir Henry Drayton withdrew the motion and the committee took up the Marine Department estimates.

POLICE TO GET WAGE INCREASE, BOARD DECIDES

Commissioners Hall and North
Defeat Mayor in Salary Move

Police salaries will be increased in Victoria as a result of a decision reached by the City Police Commission at its meeting last night. No definite figure has been decided yet, but the Commission decided to boost the rates of uniformed men at least five per cent, and those of detectives at least ten per cent. It "is likely that even larger increases than this will be allowed when the matter comes up again, as Commissioner Joseph North has a big range of Commissioner Dr. Hall agreed that the police should be well paid. Mayor Porter, chairman of the Commission, is opposed to any increase, but, of course, he was out-voted by his colleagues.

Deserve Increase.

"The officers deserve an increase in salary," Mr. North declared when he introduced the question of a salary raise.

"Following the example of those across the Bay who do a great deal of talking, we have a great deal of work, who do a great deal of work and very little talking should have their salaries advanced as well," Dr. Hall agreed. "In my opinion the force is not well paid, especially the detective force."

Dr. Hall moved that the salaries of constables be increased at least five per cent and those of detectives at least ten per cent. This raise, he said, would mean an increased expenditure of \$7,000 or \$8,000.

Mr. North urged that constables be given \$150 a month; detectives \$175, sergeants \$165, the Deputy Chief \$200,

and the Chief \$245.

"The school estimates have increased \$67,000 so I think we can afford to give up at least \$10,000 or \$12,000," said Dr. Hall.

Mayor Porter pointed out that

there had been no seconder to either Dr. Hall's or Mr. North's proposal. To save an awkward situation Mr. North agreed to support Dr. Hall's motion on condition that the proposed increases were not limited to five or ten per cent. He wanted an increase which at least would compensate the police for the fact that they had lost the privilege of free boots.

Chief of Police Fry urged that the wages of every member of the police force should be increased. He quoted figures to show that Vancouver police were paid much more than the local officers though the Victoria officers underwent just as much risk. A five per cent increase would bring the Victoria scale up to that prevailing in Vancouver he said.

"In all other civic departments we found it impossible to increase salaries," the Mayor pointed out. "I must be consistent and oppose this increase, sorry as I am to do it. We have no money to meet our obligations so I am free to oppose this increase."

Finally Dr. Hall's motion was passed. The Mayor asked that his objection be recorded.

Not a Severe Bite.

At the close of the meeting Mr. North and Dr. Hall assured the police that they would act fairly by them. "We have shown the body of the police force we have no animosity toward them and we want to keep their friends," said Dr. Hall. "By putting the whole force on its honor I think we shall get better results. Our bark has been pretty bad but our bite is not very severe."

Referred to Mr. Harrison.

Mr. North's proposal that a solicitor be appointed to defend persons or to be appointed to defend, free of charge, persons charged in the Police Court, was referred to the City Prosecutor for report.

Safety Zones.

The Commissioners decided also to investigate a proposal advanced by S. Harris, that "Safety Zones" be created on various streets to protect pedestrians from cyclists.

The proposal that the police authorities, when discharging prisoners outside them with money so that they may not be exposed to new crimes, was passed on to the Local Council of Women, which body it was suggested, should bring in a report on the matter. "We should help these people up instead of pulling them down," said Mr. North.

Victoria West Protection.

Chief Fry was asked to deal with a request from the Victoria West Brotherhood for more adequate police protection in Victoria West.

Attendance of Doctors.

The Victoria Medical Society wrote to the Commission to ask that the Police Department, in calling doctors to attend to people injured in accidents make a fairer division of the work among the doctors of the city. The matter was referred by the Commission to Chief Fry.

To Confer With Committee.

The Commissioners were asked by Mrs. Hallam, representing the Social Service Committee, to make the work of Miss Thompson, Special Police Woman, a separate department. It was suggested that Miss Thompson work under her. The committee, it was stated, were prepared to pay Miss Thompson's salary for a year.

The Commissioners asked that ladies of the Social Service Committee meet them later, and work out a policy in this connection.

Troublesome Boys.

Louis Guffaws greeted a letter from J. A. Shanks, who wanted the police to curb the vocal outbursts of boys on the streets at night. The letter was filed away.

PLEAS FOR APPOINTMENT OF PALMER AS CHIEF FALL UPON DEAF EARS OF BOARD

(Continued from page 1)

ciency or in any question pertaining to the administration of police affairs, I have not heard nor have seen that Mr. Palmer has been regarded as inefficient or incompetent. He has a long record of service and so far as is known, there has been no adverse report against him. From the fact that he has been promoted step by step one would infer that he had served efficiently or otherwise one would infer that he would not have been given preference. If he has acted efficiently up to the time he had been made Acting Chief and there were no adverse reports against him, it is only fair to infer that there must be other matters of which the public has no knowledge which prompted the change.

It is fair to infer that he served satisfactorily and that, if he had not, he would have been dismissed by one of the police boards which held office from time to time in due course. The fact that he was made Acting Chief showed that the then Board had full confidence in him. Putting myself in the position of the Board, I have been promoted step by step and just as the plumb was within my grasp at the eleventh hour—yes, even later than that—I had been deprived of the one thing I had been aiming at all my life. I should have considered it a very serious blow indeed.

A Personal Question.

"Mr. Palmer was next in line for this promotion. I don't wish, however, to say one word against Mr. Fry. Mr. Palmer, however, had more less of a moral claim to the position than Mr. Palmer was efficient and competent. If he were efficient as deputy chief it is reasonable to suppose that he would be efficient as chief. In other words if he was incapable of being chief he is capable of filling the position of deputy chief."

Dr. Hall: I understand you are Municipal Inspector of Schools?

Col. Winsby: I don't think that has anything to do with it.

Dr. Hall: I am asking you a question. Will you answer it? You are Municipal Inspector of Schools?

Col. Winsby: Yes.

Dr. Hall: Well, then, suppose after serious consideration you had decided to dismiss one of your teachers would you call me confidential to you or give credit to you as Inspector to be called on by a deputation and asked to reinstate that teacher?

Col. Winsby: I have no power to dismiss a teacher.

Dr. Hall: You haven't? Now has a wife's excellent qualities anything to do with a husband?

Col. Winsby: It has to do with me being here tonight.

Col. Winsby: That is not the question. When we were elected by a handsome majority it was reasonable to think

we were capable of managing the affairs of the Police Department.

Col. Winsby: I hope I have not given the inference that you were incapable of managing the Department.

Dr. Hall: You ask us to reconsider our decision. You suggest we are incapable and come to give us some pointers.

Col. Winsby: No. (Loud laughter.)

Dr. Hall: Suppose a Police Commissioner told him to overlook certain things was he carrying out his duties and fulfilling his oath of office?

Col. Winsby: I don't know what his oath is.

Is Camouflage Wanted?

Dr. Hall: Never mind. Was he doing his duty? I hope he carried out the orders of the Commissioners if the Commissioners gave orders that he was to overlook things? This same man (Mr. Palmer) stated here that the people didn't want enforcement of the law but camouflage. If that came from a Police Commissioner and I don't say it did—he was carrying out his oath of office. Mr. Palmer admitted that the people didn't want the law carried out and I inferred that the people of Victoria wanted camouflage and that the police were giving it to them.

Commission "To Kind of Clean Up a Little."

"The people put me here to kind of clean up a little you know," Mr. North broke in. "I have no malice to Mr. Palmer whatever. I understand his position—that he couldn't do anything. The heads above him were too strong. We understand. All of us understand. I like Mr. Palmer. He will be all right under Mr. Fry, and they will get along well together."

"Have I permission to ask a question?" Mrs. Palmer, wife of the Deputy Chief, asked.

"We pick out the best man to run our own private business," Mr. North went on, "and we picked Mr. Fry, thinking that he was the best man to be Chief of Police. I like the boys of the G. W. V. A. and the Army and Navy—all of them—but I am here to do business. I'll stand by the decision."

"Comrade J. Food, of the G. W. V. A. explained that Col. Winsby had appeared before the Commission simply as the president of the soldiers' organization, and not in his capacity as an official of the city. He thought that the Commissioners might have made a mistake in their appointment. In this case he felt that the Commissioners should rectify their error."

Mr. Palmer Takes a Hand in Debts.

When Mrs. Palmer again asked permission to speak Mayor Porter said that she had as much right as anyone.

"I would like to ask Dr. Hall and Mr. North as my husband has never been head of the Department, and is not the man to go back on anyone, why they didn't give him a chance to show what he could do as head of the Police Department?" Mrs. Palmer said amid tempestuous silence. "Mr. Fry is a splendid man, and my husband and I are working together splendidly, but that is not the question."

"It's a hard position to be put in," Mr. North admitted. "I don't like to be hard with anyone. We picked on Mr. Fry thinking that he was the best man for the position. The administration of the Police Department is going to be changed all round if I can do it—if I am big enough to do it. I am not casting any reflection on Mr. Palmer."

"But you are," Mrs. Palmer persisted.

Fry a Better Man.

"No, we are not, but we thought that Fry was a little better than your husband," Mr. North explained.

"I don't think you are as good a man as my husband, Mr. North," Mrs. Palmer flashed back angrily, amid a burst of laughter.

"I have tried to be a man," Mr. North replied. "I tried to be a man to you but I see you are not trying to be a woman to me."

"All right—that's enough," the Mayor broke in.

"I have nothing more to say," Dr. Hall remarked. "We have done what we thought was best for the people of the city of Victoria."

Mayors Demands Explanation.

At this point the Mayor decided to take a hand in the fight. "Mr. North inferred that Mr. Palmer was willing to do his duty, but the heads were too strong for him," he remarked, and asked Mr. North to explain.

Mr. Porter: If you made statements you should be able to prove them. Apparently you made statements to Mr. Palmer, which you could not prove.

Mr. North: Mr. Palmer admitted it was camouflage they wanted.

Mr. Porter: In future you will have to be prepared to prove your statements.

Mrs. Palmer: The last meeting, all the work was camouflage—reading anonymous letters and that sort of thing. This closed the Palmer incident.

Another Clash.

DEADLOCKED.

Great Britain's coal miners have decided to do nothing to save their own means of livelihood. They have refused to resume negotiations towards a settlement unless the whole question involved may be treated at the outset. In the meantime the mines are becoming flooded and the industry upon which the nation founded its greatness is in danger of total destruction. For the first time since its inception in 1913 Great Britain may see the Triple Alliance in action. Moderate judgment among the Labor members of the House of Commons has been spurned. Their efforts to persuade the miners to meet the owners and representatives of the Government to discuss the pumping question have proved of no avail. The Miners' Federation remains adamant and unless a settlement is reached the industrial driving force of the nation will be brought to a standstill. This is the situation in a nutshell.

Very few hopeful signs are discernible. Nothing but a complete breakdown by the Government and owners can avert an unprecedented catastrophe as long as the men remain in their present attitude. And the fact that an appeal has been made to the nation to support constituted authority in its efforts to resist the Triple Alliance indicates a policy of no retreat. Just what sort of response may be expected from the people as a whole is difficult to estimate at this stage. If the three pivotal industries are stilled it will not be an easy matter to carry on the services of the country by volunteers without clashes. And just as soon as violence is introduced the Crown will be compelled to use its military arm in protection of those who refuse to tolerate the strangling process of the Alliance. A development of that sort would bring about a condition of affairs from which anything might grow.

At the same time there is always a reasonable chance of the good sense of the British workingman averting calamity at the eleventh hour. At frequent intervals during the last ten years British industry has been threatened with destruction by some such situation as that with which the country is faced at the present time. Better judgment has prevailed and the crisis has passed. In this case, however, the controversy is more than usually involved and of such tremendous importance to the country and to labor as a whole that it will be small wonder if the thing is not fought out to the bitter end.

The Government should be able to count upon the full weight of public opinion. The majority of the people are concerned with the problem of making both ends meet and they know what it will mean to them if the Triple Alliance should remain idle for more than a few days. And when it comes to a battle between constituted authority, supported by the great majority of the people, and three Trades Unions there can be no doubt about the ultimate result.

UNDESERVED ATTACK.

It could not be expected that those members of the Legislature who come from distant points of the Province would take a very keen interest in any arrangement entered into between the Hudson's Bay Company and the United Service Golf Club. But the company's action in endeavoring to obtain a reduction in the assessment of the property involved in order that the Club might get the ad-

vantage deserved none of the attack to which it was subjected during the discussion of an amendment to the Municipal Act which validated a general reduction of assessment in Oak Bay immediately after a successful appeal from the original rate by the company itself. The municipality and the company had the right to action and the course which the municipality took in view of the Court's decision in favor of the company rather strengthens the latter's case. It certainly does not establish a cause for unfair attack. And in the final analysis it should be remembered that the Hudson's Bay Company has agreed to lease one hundred and twenty-four acres of the land in question to the United Service Golf Club for a period of fifteen years on the understanding that it guarantees the payment of taxes for that time. How the community will benefit by this generous treatment from the company does not require emphasis.

THE PLAIN TRUTH.

As a naval man of enviable accomplishments and in possession of an international reputation of which he may be justly proud Rear-Admiral Sims would hardly be true to his calling if he came out flat-footed for a great reduction in naval organization. At the same time he qualifies any leaning he may have for the perpetuation of his own profession with the suggestion that the whole problem should be thoroughly considered. But he speaks as plainly upon the subject of a navy's purpose as he has done upon those occasions when his candor has shaken the walls of officialdom to their very foundations. He says that "if a man tells you we need a large navy to do our share in the policing of the seas of the world" don't believe him. The navy is for one purpose, to fight. Of course it is. He could have said the same about armies. Here is the crux of the whole question. As long as the nations of the world continue to pile up the various forms of fighting equipment somebody will devise a means for its use in spite of the League of Nations. Do away with it and diplomacy—secret or "open"—will demand men of business instead of men schooled in political intrigue.

GERMANY NOT PAYING.

It will soon be time for the Allied Supreme Council to make known its intentions towards Germany in the event of her continued refusal to pay the reparations bill. The present policy of occupation does nothing more than impress a few thousands of her population. Such revenue as may be exacted through an Allied customs zone will merely contribute towards the cost of maintaining the troops on foreign soil. If it is intended that the debtor nation shall discharge her obligation it would be better to commence a more definite squeezing process a little nearer Berlin. A march to the capital may not be practicable for many reasons; but the seizure of German ports with all the available shipping, and a few of the larger industrial plants would impress her a good deal more effectively than the sort of friendliness which appears to have sprung up between the people of Dusseldorf and the troops quartered there. The longer the delay the more difficult it will be to apply sterner measures.

FAIR PRICES.

There are two important reasons why the Government of this Province should instruct the Liquor Control Board to catalogue its liquid wares at reasonable prices. In the first place there is a doubt whether the Dominion Government will consent to pass legislation to create a monopoly on imports for the Province itself. In that case liquor of good quality should be priced to yield a moderate profit in order that no advantage would accrue to the importer. In other words the Board should make it worth while to buy from the popular dispensaries. In the second place a Government price list should discourage the bootlegger who purveys an inferior article at a ridiculous figure. If these two points are borne in

mind the Province has little to fear from competition either from abroad or from the illicit trader at home.

NOTE AND COMMENT

Victoria may rest assured that she will get her share of conventions during the next two or three years. But it may be a far cry to a world's fair.

If the legislative salary increase has done nothing else it has proved conclusively that people are reading their newspapers these days.

Vancouver is still taking young Esmonde seriously. Anybody would think he was a real menace to the peace and order of this country.

It was necessary to take a temporary adjournment in New York's police court yesterday because a quart bottle of confiscated liquor exploded in the pocket of a detective. It must have been pretty powerful evidence.

According to a dispatch from London yesterday the people of the Empire's metropolis are growing round-headed because of the incursion of peoples from Middle Europe. At the present moment they are growing long-faced because of the incursion of "democratic" doctrines from the same quarter.

The big new steamship "Wenatchee" constructed by the United States Shipping Board and operated by the Pacific Steamship Company on the Trans-Pacific service will make her first call here to-morrow afternoon on her maiden voyage.

Arrangements have been made by the Victoria Chamber of Commerce for an appropriate reception. She will arrive at 4 o'clock and after being welcomed by representatives of the Government, the city, Chamber of Commerce and other public bodies, will be opened to inspection by the public. The "Wenatchee" will remain here two hours before resuming her trip.

It is hoped she will be greeted by a large number of the citizens of this community.

HOROSCOPE

FRIDAY, APRIL 8, 1921.
(Copyright, 1921, by The McClure Newspaper Syndicate.)

Good and evil influences contend today, according to astrology. While the Sun and Jupiter are in benefic aspect, Saturn and Uranus are adverse.

It is a day in which to avoid all busi-

ness, for Jupiter appears to be promiscuous and then to change to

sinister aspect.

All who depend on the favor or sup-

port of men high in public office or on

the world's power should make the most of to-day.

This should be a favorable time to seek promotion or to obtain employment that you desire.

The New Moon of this date is read as foreshadowing many grave problems for the United States.

Mercury, in the tenth house, opposed to Saturn, threatens scandals in high places.

Heavy drains on the national finances again are foreseen by the stars.

It is a day in which the three houses in square to Mars and Venus de-

notes railway troubles, agitation among workers and danger of British coal

pits should reach a settlement.

Joint Committees.

After the consultation between the

transport workers and the railroad

men, J. H. Thomas, a leader of the

railwaymen, emerged from the con-

ference room appearing much dis-

tempered.

The Triple Alliance strike has been

"decided upon," he declared. "It will

be controlled by the joint executive

committees of the three bodies, which

will meet this afternoon to take

charge and make necessary arrange-

ments."

Refused.

London, April 8.—Representatives

of the National Union of Transport Workers and of the National Union of Engineers and Shipwrights had voted to support the miners in the great coal strike, decided this morning upon a strike by the two unions. This brings the entire power of the "Triple Alliance" of labor into the greatest industrial controversy in the United Kingdom for many years. Official announcement that the "Triple Alliance" had decided upon a strike was made shortly after noon today.

A general strike of the railroads and transport workers would be called, it was stated, unless the striking miners and the owners of British coal pits should reach a settlement.

SOCIAL PERSONAL

Wednesday afternoon at 2:30 o'clock

at St. John's Church, Miss Myrtle Gladys, elder daughter of Mrs. M.

Jane and the late B. James, Pen-

broke Street, and Thomas Barrie, son

of Mr. and Mrs. R. Barrie, of this city,

were the principals in a very pretty

wedding solemnized by the Rev. F. A.

P. Chadwick. The bride, who entered

the church on the arm of her brother,

Mr. and Mrs. J. McLaughlin, of Victoria,

carried a bouquet of white carnations

and fern. She was attended by her

sister, Miss Stella M. James, who

looked charming in a navy blue georgette

skirt and satin, with hat, on white

carrying a bouquet of pale pink and

white carnations. Mr. Jack Pulling

supported the bridegroom. After the

ceremony a reception was held at the

home of the bride's mother, a large

number of friends attending. The

young couple are well known in the

city, the bridegroom having been a

prominent member of Yarrow's foot-

ball team. Mr. and Mrs. Barrie left

on the 4:30 boat for Seattle, where

they will spend a brief honeymoon

before proceeding to Portland, Oregon,

where they will make their future

home.

On Monday evening Miss Hazel M.

Brown was hostess at a miscellaneous

shower in honor of Miss Myrtle Janes,

whose marriage took place on Wednes-

day. Guests included Mr. and Mrs. L.

Maude, of Saturna Island, and Mrs. L.

Dobie, of Saanich Island, are staying at

the Dominion Hotel.

Mr. and Mrs. H. D. Payne and family

of Saturna Island, and Mrs. L.

Maude, of Saanich Island, are staying at

the Dominion Hotel.

Charles Thulin, of Campbell River,

is registered at the Empress Hotel.

and T. Sheldon, of Seattle, are guests at the Strathcona Hotel.

T. S. Maguire, R. H. Williams, J. B.

de Long, D. J. McLachlan, H. E.

Caley Hebdon, H. Mohr, D. Mc-

Donald and V. E. Dickson, of Van-

couver, are at the Dominion Hotel.

Mr. and Mrs. R. P. Butchart, of Tod

Inlet, have cancelled their proposed

trip to the Orient and will leave on

Thursday next for New Orleans, re-

turning via California.

Hon. Walter Scott, Mrs. Scott and

Miss Dorothy Scott returned on Wed-

nesday from California, where they

have been spending the past few

months.

Mr. and Mrs. H. D. Payne and family

of Saturna Island, and Mrs. L.

Maude, of Saanich Island, are staying at

the Dominion Hotel.

W. L. Dobie, H. K. L. Dobie and

John Donaldson, visitors from

Greenock, Scotland, are guests at the

Dominion Hotel.

Mr. and Mrs. Miles P. Cotton, of

Vancouver, are registered at the

Empress Hotel yesterday.

Mr. and Mrs. Robert Jones, of Ash-

ville, N. C., are guests at the Empress

Hotel.

Mr. and Mrs. C. M. Irwin, of Port

Langton, are guests at the Empress

Hotel.

Charles Thulin, of Campbell River,

is registered at the Empress Hotel.

Mrs. W. C. Nichol at Home to

Nearly Thousand Callers

Yesterday

Government House was the Mecca

of hundreds of callers yesterday af-

ternoon when Mrs. Walter C. Nichol,

wife of the Lieutenant-Governor, re-

ceived for the first time since taking

up her new duties. The reception

being the first under the new regime,

the list of callers was a lengthy one

and nearly a thousand registered in

the visitors' book during the afternoons.

Decorative hothouse plants, includ-

ing pink begonias in all the glory of

their Spring blossom, added a note of

welcome to the spacious hall, while

the drawing room where Mrs. Nichol

received the guests was artistically

arranged with mauve star-prunulas,

cinerarias and begonias. Mrs. Nichol

received her guests in a handsome

gown of navy blue charmeuse and was

assisted in receiving by Mrs. Charles W. Rhodes, who was gowned in black velvet.

After leaving the drawing room, the guests proceeded to the dining

room, where tea was served, buffet-

service, and later in the programme

danced with sinuous grace.

"The Dance of the Snowflakes" in

which she wore a frock of white

ruffles and silver spangles.

Charming Costumes.

"Wonderful Eyes," sung by Ken-

netta Angus was accompanied by the

chorus, in which Miss Robertson made

a demure bride and Mr. Earle the

necessary person. R. H. Mackenzie

was the conductor with his singing

of "She'd a Hole in Her Throat"

with the chorus attired in long-

waisted effect, each gown in a pastel

shade and worn with very coquettish

attitude.

Another charming turn was given by

Mrs. D'Oyly Rochfort who sang a

clever parody on "I Know Where

My Love Lives."

The chorus included Misses

Lillian Michaelis, Norma Cutten, Edna

Humber, Margaret Butcher, Dorothy

Stuart-Robertson, Mrs. Earle, and

Miss Frances Briggs giving the chorus and a fascinating little dance.

**HEARTBURN
LIVER TROUBLE**

When the liver becomes torpid and inflamed, it cannot furnish sufficient bile to the bowels, thus causing them to become constipated.

The stomach is also affected. In the case of heartburn there is a gnawing and burning pain in the stomach, attended by disturbed appetite, caused by great acidity. Whenever too much food is taken, it is liable to ferment, and become extremely sour. Vomiting often occurs; and what is thrown up, is sour and sometimes bitter.

Other liver trouble symptoms are pain under the right shoulder, yellowness of the skin and eyes, floating specks before the eyes, coated tongue, bad taste in the morning, foul breath, water brash, jaundice, constipation, etc.

Keep your liver active by using Milburn's Lax-A-Liver Pills. You will have no heartburn or other liver troubles. Being purely vegetable they do not grip, weaken or sicken like the old-fashioned purgatives generally do.

Mrs. Mary Strome, Glazebrook, Sask., writes: "I have used Milburn's Lax-A-Liver Pills, and they have cleared up my heartburn and liver trouble. I don't think they can be beaten by any other medicine, and I can highly recommend them."

In this comparison, the only important increases in activity occurred in telephone operation and water transportation.

Situations in Province

In British Columbia, there were increases in employment amounting to 55,405 workers. The greatest part of these losses were recorded in the manufacturing industries, from which 65,345 persons were released, a decline of over fifteen per cent. As during the last weeks reviewed in these reports, the decreases in iron and steel, lumber, paper and its products were particularly large, but the reductions in the other manufacturing divisions were also noteworthy. In addition, firms in logging, mining, building and railway construction, trade and railway transportation, showed marked decline in employment since the base week. In this comparison, the only important increases in activity occurred in telephone operation and water transportation.

THE RIDDLE OF THE FROZEN FLAME

By MARY E. AND THOMAS W. HANSHEW

CHAPTER XVII.
In The Cell

What followed was like a sort of nightmare to Merriton. That he should be arrested for the murder of Dacre was one thing; but to be accused of killing his murderer! The hand! The tools! Calling him a murderer, were they? And taking the word of a crawling worm like Borkins, a man without honor and utterly devoid of decency, who had stood up before them and told them the story of his life? It was appalling! What a fiend incarnate this man Cleek was! Coming here at Nigel's own bidding, and then suddenly manipulating the evidence, until it caught him up in a writhing coil like a well-thrown lasso. Oh, he had been a clever fellow, indeed!

He held her a moment, and then, leaning forward, kissed her gently upon the forehead.

"What then, p'tite?"

"I would have made you send them away—I would! I would!" she cried, vehemently. "They should not have come near us if I had wired to them myself! Something told me they, after you were gone, that a dreadful thing would happen. I was frightened for you—frightened! And I could not tell why! I kept laughing at myself, trying to tease myself out of it, as though it were simply—what you call it?—the 'blues.' And now—"

He nodded.

"And now—this," he said, grimly, and laughed.

Bennett, hand upon watch, turned apologetically at this juncture.

"Sorry," said Nigel, "but time's up. Ten minutes is time enough to arrest a prisoner, and—*I'm afraid*—the young lady must go. It urges me to tell you, sir—but you'll understand. Doubt is doubt."

"Yes, doubtless," Bennett, though perhaps a shade less certain than others, returned. Merriton gave a bleak smile. "Have no fear, Toinette. There is still plenty of time, and I shall engage the finest counsel in the land to stand for me. This knot will be broken somehow, this tissue of lies will give a flavor somewhere. And nowadays, circumstances, you know, doesn't hold too much water in a court of law. God bless you, little Toinette."

She clung to him a moment, her suddenly lightening at the terror of his words—so bravely spoken, with so little conviction behind them. But they had helped her, and for that he was glad.

UTILIZE TIMES WANT ADS

COAL INQUIRY IN VICTORIA ENDED

Commission Says Dealers De-
duct Salaries Before
Computing Profits

Salaries are first deducted by some
of the local coal dealers before cost
estimates are made out, according to
the records of Captain Foster, ac-
countant with the Coal Inquiry Com-
mission sitting here yesterday.

Alderman E. S. Woodward asked
the Commission whether it had as-
certained the practice of the local
dealers in respect of salaries, whether
or not they were deducted before
profits were estimated, and the
answer was given that salaries had
first been deducted. Profits of
twenty per cent on the capital in-
vested had been shown by the Com-
mission's investigation of company
books.

Mr. Woodward was anxious to
have Mr. Fraser called to give
evidence. He explained that Mr.
Fraser had been shipping coal from
the interior and selling in Vic-
toria at less than the local dealers
were charging for Vancouver Island
coal. It was found impossible to
locate Mr. Fraser in time for yester-
day afternoon's hearing, and his
evidence was not taken.

The Commission visited the home
of W. Fleet Robertson, Provincial
Mineralogist and took evidence there
from Mr. Robertson was indisposed.
Witnesses gave the principal points
would give all the technical information
so far available and explained
that it would be a very difficult matter
to estimate the amount of coal
in place on the island.

Reference was made to an estimate
made by Mr. Floyd, formerly with
the Nanaimo Mine, who has given
evidence in Vancouver to the effect
that there is one billion, eight
hundred thousand tons of coal in
reserve on the island. Mr. Robertson
said this estimate was all
nonsense as not enough work had
been done to enable experts to esti-
mate anywhere near correctly what
coal there was in place.

"Mining is not a charitable in-
stitution. Operators will not take
out coal if they cannot do it at a
price which they can afford to market it
at," said Mr. Robertson. He ex-
plained to the Commission that there
were areas called wastes or "spares"
which occasion undue cost in extrac-
tion by requiring a very much greater
percentage of development per ton
of coal produced.

It would be misleading to estimate
the amount of coal in reserve based
on a certain thickness of coal
throughout that area, because the
floor on which the coal was de-
posited was very uneven and the
thickness varied and in spots, namely,
those called "spares" there was no
coal at all. Through these spares or
rock sections, the operators had to
tunnel through to the next coal de-
posit.

The hearing in Victoria was con-
cluded yesterday afternoon, and the
Commission sailed for Vancouver where the final sitting of the inquiry
will be held to-day.

STREET RAILWAY RE-ROUTING CHANGES

During Government Street
Paving Alterations Will
Be Necessary

Announcement is made to-day by
the B. C. Electric Railway of a
change in route of several street cars
lines, consequent upon the work of
re-paving Government Street.

As paving operations are to begin
from Humboldt Street, it will be ne-
cessary only for the time being, to
make slight changes on the Outer
Wharf, Beacon Hill, Fernwood and
Cloverdale lines.

Outer Wharf and Beacon Hill cars
will come into the city as far as
Humboldt Street only, making that
point their city terminus.

Fernwood cars will make the cor-
ner of Yates and Government Streets
their city terminus, coming in and
going out via Yates and Douglas
Streets.

Cloverdale cars will come into the
city via Douglas and Yates Streets
and return to the Cloverdale ter-
minus via Government Street.

There will be no change in the fre-
quency or time of service on any of these routes.

As the work of re-paving proceeds
towards Yates Street, it may be ne-
cessary to make slight changes in
the routing of the George Esquimalt
and Fort Street cars over a portion
of the city loop.

Detailed plans of the changes and date on
which they become effective are
stated in the company's advertise-
ment on page 2.

K. OF C. DANCE WAS
ENJOYABLE EVENT

Three Hundred Guests at
Alexandra Ballroom Last
Evening

One hundred and fifty couples
spent a most enjoyable evening at
the Alexandra ballroom last night, the
affair being the first dance given by the
Catholic fraternity since pre-war
days. Ozard's orchestra, always good,
seemed better than ever, and as a
result the floor was continually alive
with a merry throng of dancers. The
hall was tastefully decorated with
the national colors, the red, white
and blue sign of the Order standing
out prominently before the large mirror.

The Knights had as invited guests
a giddy sprinkling of officers from
H. M. C. squadron.

At eleven o'clock the doors to the
dining room were thrown open and
the merrymakers were greeted by Ernest Appleby, of Tighe & Wheeler's
restaurant. The tables were piled
with delectable viands, the dancers
doing full justice to the repast. The
dancing was brought to a close at 1:30
a.m. Those in charge, to whom much heart exposed.

CONSERVATIVE CLUB
REJOICES AT SMOKER

One hundred members of the Con-
servative Club under N. A. Foster,
president, took part in the smoker in
the clubrooms last night when the
two Davies kiddies, world's champion
dustweight boxers, and members and
friends of the Aurora and others
were there.

Those who took part in the
programme were: J. O. Dundford, J.
Owen, Ben Tibble, Cleare, Hudson, S.
Roberts, J. Steeves.

President Foster declared that the

Syndicate, Inc.)

MIRIAM.

The exquisite name of Miriam seems

to be a predecessor of Mary. It, too,

signifies "bitter," and comes from the

Hebrew word marah, which has that

translation. But Miriam, according to

the Scriptures, antedates Mary.

Miriam first named the sister of Moses

and Aaron, who led the sons of the

Israelites when they saw their energies

dead upon the seashore. It was not

repeated until after the captivity, when

it took the Greek forms of Mariam and

Mariamne, and became much used by

Jewish women. The Armenian Prin-

cipalities, the Persians and the Greeks

were all names of towns, and cities for

Miriam, for whom it will bring sweet-
ness, charm and true friendships. Mon-

day is her lucky day and 7 her lucky
number.

all the woes denounced by Moses upon
the daughters of Jerusalem.

Miriam was one time the name by
which the Blessed Virgin herself was
called, and it also named two popular<br

AID HUMAN WRECKS**

Total Subscriptions to Armenian Relief Fund Now Reaches \$1,805

Clothes may not make the man, but clothes do make the woman, and the latter are extended to sustain destitute Armenians by the Canadian people, through the Near East Relief and the Armenian Relief Association of Canada goes a long way towards repairing the human wreckage, that war, massacre, and starvation has made throughout Armenia.

Workers of the relief organization who have returned from overseas, according to Charles V. Vickery, general secretary of the Near East Relief, are unanimous in their opinion that without Canadian and American aid there would be no Armenian race would now be extinct.

The policy or relief administration, Mr. Vickery declares, is to relieve distress without making beggars of those aided. In the application of this policy children are admitted to relief organizations where they are taught useful occupations. Adult refugees are provided with work that helps them earn the relief they so badly need.

You have no idea what a difference in appearance and their attitude toward life that a few changes in the human wrecks that come begging to our doors," one worker declared who returned recently. "Clothes don't make the man. No! But they restore self-respect and help him make himself."

The subscriptions received at the local office totalled \$1,000,000 up to date, having been deposited in the bank account of the Near East Relief, since the campaign started amount to about \$1,805. As Victoria's quota is in the neighborhood of \$10,000 it will readily be seen that many more donations are urgently needed and will be very gratefully welcomed.

"Forward" Class Daffodil Tea—The girls of the "Forward" Class of St. Andrew's Presbyterian Church have been hard at work all week completing the arrangements for their annual daffodil tea, which is to be held on Saturday afternoon, April 9, from 3 to 6, in the lecture room of the church. The "Forward" Class is a group of girls class, and under the able leadership of their teacher, Mrs. Simpson, make a real success of everything they undertake. The home cooking stall looks like being a big attraction, and the young ladies have been very busy making candy for the candy stall. A large quantity of daffodils will be on hand, so that no one will be disappointed. A good-musical programme is being arranged, and among those taking part in the programme are Miss Dorothy Dill, Miss Beth Simons, Miss Myrtle Stinson, Miss Eleanor McLenan and Miss Dorothy Laing. The funds will be used for the Athletic Association, and the Sunday School improvement fun."

Child Missing—Much sympathy will be felt with Mr. and Mrs. Lewis McDonald, of Webb, Sask., in the fact that their little son, aged two years, and twin brother, are missing.

Mr. Lewis McDonald is well known in amateur sporting circles here, being a son of J. D. McDonald, of this city. According to a letter received by Mr. McDonald to-day the little child wandered away on April 1 and nothing has been heard since. The Swift Current flows near the house, and it was thought the child had fallen in, but so far dragging operations has not revealed any clue.

Refusing All Offers.—The Saanich Council last night refused to consider a bid for \$13,915 from H. M. Hills for four lots on Wellington Road in Ward Four. This action was in accord with the policy of the present Council—and has been adopted by many similar tenders for other properties taken over at the last tax sale. Councilor Ormond stated that many real estate firms possessed lists of the properties taken over in 1920 by Saanich, and was informed that the same Council had intended to sell its interest in these lands, but the plan had since been abandoned.

Danger to Danger Signs.—The Works Committee of the Saanich Council last night decided against installing patent automobile warnings on dangerous points on the Saanich highway, after approving of the reflectors as excellent. The decision was based on fear that boys would damage the instruments, which must be placed within radius of headlights for effectiveness. Rev. E. Watson commented: "I was a boy once myself," said Councilor Ormond, and of mischievous lads breaking road signs, wherupon the Ward Two representative provoked a laugh by solemnly declaring: "I never did things like that when I was a lad."

"Stink Bombs" Found—Something in the nature of frightening bombs was exhibited this morning to the Commissioners when Chief of Fire produced a box that had been found outside the Rockside store containing two "stink bombs." The little bombs were filled with a yellowish green liquid, a few drops in each, sealed in the shape of a pear-shaped glass plug. The chief explained that the stink bombs were offered by people wishing to effect a change from premises and had only to be dropped on the ground and crushed with the foot to become in instant operation. They were credited with being powerful enough to drive anyone away from the immediate vicinity by their disagreeable odor. The two bombs were carefully packed in a little box and wrapped in sawdust, with the pointed end projecting.

BRIEF LOCALS

To Open Business—Louis Bartholemew has taken premises at 2302 Bridge Street, where he will carry on a second hand business.

Supper Dance Postponed.—The management of the Empress Hotel announced yesterday that there would be no supper-dance at the hotel to-morrow evening. The weekly tea-dance will be held in the afternoon as usual.

Will Leave Staff.—It was reported to the Saanich Council last night that Mrs. W. deP. Greene (nee Miss Bull), who has been on the municipal staff for a number of years and has been particularly efficient, is leaving the employ of the municipality at the end of May.

Want By-Law Postponed.—At a meeting of the Ward Four Ratepayers' Association, held on Wednesday evening, at which some twenty ratepayers were present, a resolution was passed calling upon the Council to postpone the resubmission of the water-by-law until the beginning of next year.

Kirkham's Staff Dance.—The staff of Kirkham's Ltd., will hold a dance this evening at the K. of P. Hall from 9 till 1 o'clock. Ozard's orchestra will provide the music for the dancing. An exceptionally good supper will be served and altogether the committee in charge of the arrangements have ensured that patrons will have a most enjoyable evening.

Held Whist Drive.—Lodge Primitive, Daughters of England, held a most successful whist drive on Tuesday evening at the Trades Hall. The prize winners were: Ladies, first, Mrs. Wilder; second, Mrs. Bellanger; third, Mrs. Whithead; fourth, Mr. Pinchbeck; second, Mr. Whithead; third, Mr. Prior; special prize, Mrs. Pledge; Mrs. Wright took charge of the floor.

Metropolitan Young People's Bible Club.—The Metropolitan Young People's Bible Club will give an entertainment this evening on the principles of items which will be given by Rev. Richmond Craig, of Vancouver, on "Wild Lands I Have Known." This will be illustrated with lantern slides. Rev. Dr. Sippell, pastor of the church, will act as chairman, and Miss Winifred Bell and Mr. Morrison will give solos during the evening.

St. Matthias Sale of Work.—The St. Matthias W. A. will hold a sale of work on Wednesday afternoon next from 3 till 6 o'clock at the home of Mrs. F. C. Green, 347 Fowl Bay Road, when needlework and home cooking will be offered for sale. Afternoon tea will be served, and a musical programme, arranged by Miss Kat Hemming, will be given during the afternoon.

Refusing All Offers.—The Saanich Council last night refused to consider a bid for \$13,915 from H. M. Hills for four lots on Wellington Road in Ward Four. This action was in accord with the policy of the present Council—and has been adopted by many similar tenders for other properties taken over at the last tax sale. Councilor Ormond stated that many real estate firms possessed lists of the properties taken over in 1920 by Saanich, and was informed that the same Council had intended to sell its interest in these lands, but the plan had since been abandoned.

Danger to Danger Signs.—The Works Committee of the Saanich Council last night decided against installing patent automobile warnings on dangerous points on the Saanich highway, after approving of the reflectors as excellent. The decision was based on fear that boys would damage the instruments, which must be placed within radius of headlights for effectiveness. Rev. E. Watson commented: "I was a boy once myself," said Councilor Ormond, and of mischievous lads breaking road signs, wherupon the Ward Two representative provoked a laugh by solemnly declaring: "I never did things like that when I was a lad."

"Stink Bombs" Found—Something in the nature of frightening bombs was exhibited this morning to the Commissioners when Chief of Fire produced a box that had been found outside the Rockside store containing two "stink bombs." The little bombs were filled with a yellowish green liquid, a few drops in each, sealed in the shape of a pear-shaped glass plug. The chief explained that the stink bombs were offered by people wishing to effect a change from premises and had only to be dropped on the ground and crushed with the foot to become in instant operation. They were credited with being powerful enough to drive anyone away from the immediate vicinity by their disagreeable odor. The two bombs were carefully packed in a little box and wrapped in sawdust, with the pointed end projecting.

In Police Court.—Stephen Lafay, facing a serious charge in connection with alleged improper relations with a girl under sixteen years of age, was heard on remand by Frank Higgins, K. C., and R. A. Salmon, of the crown, appearing for the accused, who entered a plea of not guilty. The girl gave evidence this morning, at the conclusion of which the hearing was remanded for a further week, and bail fixed at \$200 for the accused.

in Police Court.—Stephen Lafay, facing a serious charge in connection with alleged improper relations with a girl under sixteen years of age, was heard on remand by Frank Higgins, K. C., and R. A. Salmon, of the crown, appearing for the accused, who entered a plea of not guilty. The girl gave evidence this morning, at the conclusion of which the hearing was remanded for a further week, and bail fixed at \$200 for the accused.

Saanich Fires in March.—Three calls were made in March for the services of the Saanich Fire Department, according to a report of the Fireman. G. Little last night submitted to the Council. A call to Royal Oak had been made at 10 p.m. by the Fire Underwriters Association, but a fire at Dysart Road had destroyed the \$5,000 home of Mrs. Smith on March 21, and a loss of \$15,000 had been suffered by Mr. J. E. Edwards, of Blackwood Road, when his home was burned on March 27.

Provincial Library Open Again.—The Connaught Library is again open to the public, now that the session of the Legislature is over. Provincial Librarian Forsyth announced to-day. The reading rooms, galleries are open from 9 a.m. to 5 p.m. during week days. On Saturdays they close at 1 p.m. after which refreshments were served. The following prizes were awarded: Best dressed lady, Mrs. Herbert Voudre; best dressed gentleman, Mr. Taylor, H.M.C.S. Aurora, "Cowboy;" best sustained character lady, Mrs. Ferguson, "Lady Coster;" gentleman, W. H. Smith, "Coster;" national character lady, Mrs. Ashby, "Kloothman;" gentleman, Paymaster Sub-Lieut. J. C. C. C. H.M.C.S. Aurora, "French Artist;" best advertising lady, Miss Rose Hannan, "Eunuch;" gentleman, Mr. Mayer, "Carey's Tea;" comic gentleman, constable in uniform, "Joe North"; last hope, "Mrs. W. H. Smith; lady, Mrs. Bucey, "Topsy." The auxiliary wishes to thank all those who contributed to the success of the affair.

Dance For Sailors.—The sailors of the visiting fleet were entertained last night at the Sailors' Club at a masquerade dance given by the Women's Auxiliary. Dancing was indulged in until late hour, after which refreshments were served. The following prizes were awarded: Best dressed lady, Mrs. Herbert Voudre; best dressed gentleman, Mr. Taylor, H.M.C.S. Aurora, "Cowboy;" best sustained character lady, Mrs. Ferguson, "Lady Coster;" gentleman, W. H. Smith, "Coster;" national character lady, Mrs. Ashby, "Kloothman;" gentleman, Paymaster Sub-Lieut. J. C. C. H.M.C.S. Aurora, "French Artist;" best advertising lady, Miss Rose Hannan, "Eunuch;" gentleman, Mr. Mayer, "Carey's Tea;" comic gentleman, constable in uniform, "Joe North"; last hope, "Mrs. W. H. Smith; lady, Mrs. Bucey, "Topsy."

The auxiliary wishes to thank all those who contributed to the success of the affair.

White Rock Land.—Saanich council will look over land sales this month and will report next week as to the advisability of holding a number of land sales this summer. This decision was arrived at after Councilor Ormond had contrasted the action of the Fire Underwriters Association, but a fire at Dysart Road had destroyed the \$5,000 home of Mrs. Smith on March 21, and a loss of \$15,000 had been suffered by Mr. J. E. Edwards, of Blackwood Road, when his home was burned on March 27.

Police Court.—Stephen Lafay, facing a serious charge in connection with alleged improper relations with a girl under sixteen years of age, was heard on remand by Frank Higgins, K. C., and R. A. Salmon, of the crown, appearing for the accused, who entered a plea of not guilty. The girl gave evidence this morning, at the conclusion of which the hearing was remanded for a further week, and bail fixed at \$200 for the accused.

Great Crowds Expected To Witness Semi-Finals

Strongest Drawing Card of Soccer Season Set For To-morrow; Game Between Mets and Vets Arousing Great Interest and Excitement; Wests and Comrades Will Provide First Game of Double-Header.

Two games are billed in the semi-finals of the Jackson Cup series at the Royal Athletic Park to-morrow afternoon, and it is expected that one of the largest crowds that has gathered on the sidelines this year will be present. The drawing card of the afternoon is the second game of the double-header which will be provided by the Metropolis and War Vets teams. This tussle promises to be a thriller as all previous clashes between this pair have been crammed full of excitement.

The Wests and Comrades will start the afternoon's sport. They will kick off at 2:30 o'clock. The Wests have a strong following

VANCOUVER SECURES FIVE STAR PLAYERS

Oakland Club of Coast League Turns Over Catcher, Pitchers and Outfielders

Vancouver, April 8.—Bob Brown's "working agreement" with the Oakland Club of the Coast League is the means of five first class ball players having been added to the Vancouver Beavers' roster, according to the team's manager. They are planning to have their strongest elevens on the field, which means that there will be very little to choose between them. The Vets are particularly keen on grabbing this game. In the city senior series early in the Winter the Vets landed up in the second division and did not graduate to the Victoria Island League. They have a very aggressive forward line which travels fast and bores in well. The backs are reliable and Leeming is fairly safe in goal.

This will be the most crucial game of the series. Both teams are anxious to survive the round, the losing team being eliminated from the series. They are sure of seeing a great game, as they will be let-up to the pace from the start to the finish. Both teams will have large followings of supporters.

Mets Are Steady.

The Mets are a well-seasoned team and have been playing steadily all Winter. They captured the city senior league and made the best showing in the Island League. They have a very aggressive forward line which travels fast and bores in well. The backs are reliable and Leeming is fairly safe in goal.

This will be the most crucial game of the series. Both teams are anxious to survive the round, the losing team being eliminated from the series. They are sure of seeing a great game, as they will be let-up to the pace from the start to the finish. Both teams will have large followings of supporters.

Spectators Off Field.

All spectators will be forced to remain in the bleachers and grandstands, so that they will be unable to see the action—either—the players and inspire them to pull stunts similar to the "lemon incident" and the fracas of last Saturday.

Police officers will be in attendance to see that the spectators keep off the field of play.

The Teams.

The Wests will line up to-morrow as follows: Goal—Shandley; full backs, Whyte and Copas; half-backs, Baker, Muir and Thomas; forwards, J. Sherritt, S. Sherritt, J. Peden, Alman and Mulcahy.

Metropolis—G. Leeming; Taylor and Church; Wale, Brynjelson and McDougal; McInnes, Plumb, Pettiford, Jim Cummings and Totty.

Comrades—B. Thompson, Phillips, Petch, Faichen, Green, Spears, Hause, Bloom, Brewster, Grimes, Allen.

TWO JACKS' BILLIARDS

The Two Jacks billiard handicap tournament has now been whittled down to the semi-final round, in which Warner (r. 75) plays Fraser (r. 70), and Moore (r. 75) plays (scratch) plays Hindle (r. 250). The last mentioned game will be played on Monday evening at 7:30 o'clock.

V. I. GIRLS HANDED "KEWPIES" DEFEAT

The V. I. A. A. Ladies "P" team are still piling up victories in basketball games. Last evening they were successful in winning from the Sprott-Shaw "Kewpies" by a decisive score. The combination of the V. I. girls was very good and their shooting much superior to that of the Kewpies. Mrs. Davies, the V. I. principal secretary for the V. I., gained much pleasure in scoring two baskets with back over-head shots. The other point winners for the V. I. were Mrs. Roizel and Miss Mona Dunn. Miss Williamson was responsible for the points for Sprott-Shaw. The final score was V. I. A. A., 26; Sprott-Shaw "Kewpies," 5.

CLEVELAND WINS U. S. HOCKEY CHAMPIONSHIP

Pittsburg, Pa., April 8.—The Cleveland club won the championship of the United States Amateur Hockey Association last night by running its total score for the four-game series up to 14, against 12 for Elyria, Minn., team. Elyria won last night's game; 4 to 2; though the western skaters two victories out of the four contests, but the Ohians were declared the champions on the total score.

Prudhomme Rose Quickly When He Took Up Boxing

WON CANADIAN TITLE AFTER YEAR'S BOXING

ART PRUDHOMME

take up the game seriously until last year.

Prudhomme since his return from Antwerp has had many offers from prominent American and Canadian promoters to leave the army and take up the professional boxing game as he is considered one of the coming men of his weight. He has consistently refused to leave the regiment.

Plans for the formation of a Western Canada Foothill Association have been received the attention of several local enthusiasts for a long time and the offer of trophy by Col. Weaver should see more concrete action along this line.

The scheme would be to have four western provinces decide a champion team, and then these teams would play off for the title at a place to be chosen by the officials in charge of the trophy. The venue for the final game would be changed each year, that is, the team in each Province would have a chance to witness championship football.

All the fans are eagerly looking forward to see Art make his debut in the professional ranks on Monday evening against Al Winters of Chicago in the 10-round main event.

Batteries — Polson and King; Lewis, Crumpler, Couch and Agnew.

At Salt Lake—Oakland—Salt Lake game postponed, wet grounds.

At Rickard—

Chicago, April 8.—Three ousted members of the White Sox, who were released of indictments in connection with the 1919 White Sox-Cincinnati world's series scandal, are organizing a team with the object of playing independent clubs, according to K. Miller, an investment broker, who is associated with other brokers in backing the scheme.

The three players are Joe Jackson, outfielder; Charles (Swede) Risberg, shortstop, and Pitcher Claude Williams. It is stated that two other former members of the Sox club, Fred McMullin, third-base man, and Oscar (Happy) Felsch, outfielder, will also be included in the lineup. Another player, Joe Gideon, formerly with the Washington and St. Louis Americans, is also expected to join.

Edmonton will play here on April 8 on their way North, but that is the extent of the exhibition program.

Cable Signs With Tacoma.

Tacoma, April 8.—Hats off to Carl, a high-class second baseman who has accepted terms offered by Manager Charley Mullen of the Tacoma Tigers, and is ready to join the striped cats.

The Bengal bosses have been dickering with Cable for several weeks, but not until yesterday was the deal closed. Cable is located in Los Angeles and transportation was immediately wired him.

Cable is no stranger to Tacoma fans. He was a member of the Tacoma Tigers of 1918. Owing to war conditions the Tacoma team "went home" early that season and Cable was transferred to Vancouver. He played high-class ball for the Canucks and was sold to Sacramento in 1919 and 1920. Cable did not play much professional baseball.

15TH BRIGADE, U.E.A., WILL HOLD RE-UNION

Members Who Served With That Unit to Gather at Dominion Hotel, April 16

The second annual reunion banquet of the 15th Overseas Brigade, C. F. A. Association, will be held on Saturday evening, April 16, at the Dominion Hotel at 6:30 o'clock.

The officials of the Association invited all those who served with the 15th Battalion, the 15th Brigade Ammunition Column or the Fifth Division, C. F. A., to attend the banquet.

There are over one hundred survivors of these units in the city at present and it is expected that most of them will attend the reunion.

The Association held its first reunion in January of last year and most of the members who requested another, as the officials have made the necessary arrangements.

Owing to the fact that the Association must inform the manager of the hotel on Friday night next of the number of men who will attend the banquets, all members who intend to be present are asked to inform "any old-timer" Dr. J. M. Fowler, president; J. B. Chiarinie, vice-president; Archie Wills, secretary-treasurer; or Bobbie Ross, a member of the committee.

REGINA VICTORIOUS

Regina, April 8.—Regina Boat Club basketball team defeated the Saskatchewan Collegiate here last night for the provincial championship, by a score of 51 to 26.

Many Blue-Jackets and Tommies Enter Marathon

Thirty Sailors and Ten Soldiers Have Already Entered For Long-Distance Run To-morrow; Athletes Start at Crystal Theatre and Run to Willow's Track and Back to City.

If all the sailors and soldiers who have entered in the Marathon race which has been arranged for to-morrow afternoon for the special benefit of the forces turn up, traffic on the main streets will be held up while the runners are getting away. Arrangements have been made to start the race from the Crystal Theatre, Broad Street, at 2:30 o'clock, and it is expected that close to fifty runners will face the starter. The fleet has already promised thirty entries and the army will have at least ten entries.

The race will be the first of its kind ever held for the forces and is being put on by the V. I. A. A. The event has aroused much interest among the khaki lads and bluejackets and a fast and close race is anticipated.

Have Good Runners.

Both the navy and army had entries in the Marathon race on Good Friday and their runners performed admirably. The athletes have been in faithful training for the past couple of weeks in order to be able to stick the fast-paced race which will undoubtedly be set all the way.

The runners will start at the Crystal Theatre and proceed to Yates Street; down that thoroughfare to Government, along Government to Fort, up Fort to the Willows, where the half-mile track will be circled once, and then proceed back to the starting line, via Fort and Yates Streets.

It is expected that a large crowd of people will be on hand to watch the athletes get away, and as the race will only take about 40 minutes to complete many folks will no doubt hang around to see the finish.

Alf Good Sportsman.

The sailors are having quite a merry time on their visit here. This week two boxing tournaments were held in their honor. The blue-jackets are keen sportsmen and would rather be in a game or ring than sit or stand on benches-lines and watch someone else play.

The Canadian fleet, while comprising but three small vessels, has a wonderful number of athletes. The Aurora carries two sailors, Mason and Ross, who captured the highest garrison honors in the Allied navies. Others are also men as proficient in other branches of the sport, and although the fleet is not large it can boast of a splendid coterie of sportsmen.

COAST LEAGUE BASEBALL

PATRICK BROTHERS CREDIT TO HOCKEY

So Says Tommy Gorman, of Ottawa Team, on Way Back East With Stanley Cup

Regina, April 8.—Ottawa Senators, world's champion hockey club, passed through Regina last night on No. 2 of the Canadian Pacific Railway. They are on their way home after having retained the Stanley Cup in the world's series played in Vancouver.

All the players and the officials were in the best of spirits and had nothing but the highest words of praise for the treatment they had received.

Tommy Gorman, sporting editor of The Ottawa Citizen, and treasurer of the club, said everywhere he went on the coast citizens in that section of the country had only praise for the Patrick brothers. They have been a credit to the game, said Mr. Gorman, and the crowds which saw the matches showed how the people appreciated their efforts.

Lynch Fights To-night.

Cleveland, Ohio, April 8.—Joe Lynch, champion bantamweight boxer, and Young Montreal, of Provence, R. L. meet here to-night in a ten-round no-decision bout.

Bantams to Box.

Detroit, Mich., April 8.—The Detroit Americans in their sojourn through the Southwest in five games so far this week have hit sixty safeties, including ten home runs. Cobb, Helman, Veach, Blue and Wood are all credited with the circuit drives.

Cleveland Beaten.

Cleveland, Ohio, April 8.—Ray Caldwell held the Chattanooga Indians yesterday, but the Cleveland Indians lost one to nothing because they could not bunch any of their eight hits off Daniel Boone, a former University of Alabama pitcher, according to dispatches.

C. F. A. Wins.

Boston, April 8.—Derrick Pratt, University of Michigan baseball coach, has signed to play with the Boston Americans.

The teams were:

C. F. A. Position St. Paul's

Hodgday R. Forward Wright

Gaudre L. Forward Stewart

Clark Centre Lorenz

Allen Guard Underwood

Jessie L. Guard Passmore

Referee, Johnny Wenger.

St. Paul's last night won the championship of the Intermediate "B" League and will play the James Bay's winners of the "A" League on Saturday evening.

St. Paul's were leading at half-time by four points, but the efforts of Lorenz and Stewart soon altered matters and St. Paul's came home winners, by 26 to 21.

ROMANO

The lights o' London seem to possess unusual allurement for the art and decoration department of the Famous Players-Lasky studio, judging from the number of London street scenes which have been built for recent productions. In "Dr. Jekyll and Mr. Hyde" a London set was constructed with such attention to detail and realistic atmosphere that one of the extras, an old English character woman, complained that it made her positively homesick! Then, while filling in "Rose's Daughter" with Elsie Ferguson, the London streets after dark again played an important pictorial role. In little shops, and fruit stands and honest-to-goodness cobblestones, and a dingy little apothecary's shop for Miss Ferguson to buy poison in. But by far the largest and most prominent of all is the Whitechapel set which is being used in George Fitzmaurice's latest Paramount special, "Clara Bow," now showing at the Variety Theatre, in which Mae Murray and David Powell are appearing. The set takes up most of the studio floor space, and is one of the largest ever put up.

"Wanted—A Husband" is just the name of Billie Burke's new photoplay, which will be on view at the Romano Theatre again to-day. The reason Billie wants a husband in the film is that her two girl companions in her New York studio apartment have each acquired one. She is the "ugly duckling" of the ensemble—a slovenly girl who is the butt of all ridicule. But finally their taunts set her dancing up, and she goes through a course of training and makes herself a ravishing beauty, but acquires a handsome young man, first as an improvised lover and later as a real one. James L. Crane is the lucky fellow, and Kid Broad, the ex-pugilist, has one of the chief roles. It is a Paramount-Artcraft picture.

"Romano" is given vaudeville a number of unusual animal acts. The best of these is a feature of this week's Pantages bill. This is altogether like the usual elephant act of vaudeville or the circus, because the featured animals of the company are Helen and Victoria, two of the tiniest pachyderms who have been taught a number of astonishing tricks. They perform with remarkable speed in contrast to the usual deliberate movements of the heavy beasts.

Two of the most popular musical comedians of vaudeville are the De Michele Brothers, who will provide an added attraction to the new bill. The DeMichele boys play on Italian harp and violin and in addition to being skilled musicians are comedians of high order.

There are four other snappy variety acts, namely, Dan Bruce, Margot Duffet & Co. in the comedy playlet, "Through the Keyhole"; Helen Rinehart and Ermine Duff, "Two Dixie Misses"; Sammy Duncan, Scottish fencer, and the Three Jumping Jacks, acrobats.

AT ROYAL NEXT WEEK.

What is declared to be the screen event of the year is Louis B. Mayer's First National production, "The Woman in His House," which will open on Saturday evening of six days of this week at the Royal Victoria Theatre next Monday.

The production, combining six months in the making, and is declared to be as nearly a perfect masterpiece of the silent drama as time, money, acting and good direction could produce.

In planning this picture, Louis B. Mayer exercised the minutest precautions.

The story is by Irene Reels,

and the scenario was prepared in great detail by Director Fred Stahl, who was ordered to spend as much time and money as he thought necessary to produce the year's best picture.

COMING TO DOMINION.

A new Cecil B. DeMille photoplay in which rouses great interest among those who have seen his previous efforts, and when "The Forbidden Fruit" is shown at the Dominion Theatre next week his admirers are promised a new solution to this ever-present matrimonial triangle.

In this new DeMille production the rare combination of imaginative artist and realist has given the screen another masterpiece. Agnes Ayres, the once disillusioned young wife who is forced by the revelation of the real character of her recently-husband to seek asylum in the home of a wealthy society matron. There she meets the man who brings love

to her.

Remember "Three Twins" next week and "The Little Gray Lady" tonight and to-morrow night with the matinee Saturday afternoon.

ROYAL VICTORIA

Another clever young lady of the motion picture world has soared to stardom. She is Colleen Moore, who has just signed up a long-term contract with Marshall Neilan.

Under its terms she is to receive,

it is said, one of the handsomest salaries ever paid a young star in

addition to the honor of playing

leading roles in the Neilan produc-

tions for Associated First National Pictures, Inc.

The contract came as a result, it

is reported, of Miss Moore's excep-

tional work in "Dinty," in which

Wade Mapp and his boyish cast

are starred, and which will be the

attraction at the Royal Victoria Theatre again to-day.

Although only nineteen years old,

Miss Moore has had a wide experi-

ence in the screen.

At the end of the year she will

be married, and this will be the

attraction at the Royal Victoria Theatre again to-day.

Baron Kanda Arrives On Fushimi to Attend Conference at Lisbon

Japan Will Not Insist Upon Any Policy Detrimental to Other Powers, He Says, Touching Upon the Disarmament Question.

On his way to the International Parliamentary Commercial Conference to be held at Lisbon, Portugal, May 24 to May 26, Baron N. Kanda, professor emeritus, Tokio University of Commerce, and member of the Japanese House of Peers, arrived here this morning aboard the liner *Fushimi Maru* from Japan.

Baron Kanda is accompanied by T. Iwasa, of the Imperial Diet, House of Peers, and M. Kobayashi, secretary of the House of Peers.

"Japan is always willing to confer and will not insist upon any policy to the detriment of other Powers," said Baron Kanda, when questioned by The Times representative as to the policy of the Japanese Government on the disarmament question.

Policy Not Aggressive.

"There is nothing aggressive in the policy of Japan, either in matters of armaments or Asiatic policies," he added.

The questions to be discussed at the Lisbon conference, Baron Kanda stated, will include the important question of exchange, transport matters and customs. While the conference is not the outcome of the League of Nations, the Baron stated that the members of the conference were to bring in complete unison with the International body.

The Lisbon Conference is the seventh meeting of the body, previous meetings having been held at London, Paris and Brussels.

Baron Kanda and party will proceed direct to London and thence to Lisbon via Paris and Madrid.

To Return to States.

He will return by way of the United States in June to attend the centennial of his Alma Mater at Amherst, Mass., and will leave the United States to attend the Pan Pacific Conference at Honolulu in August, returning to Japan in September.

Speaking of conditions in Japan, Baron Kanda stated that business conditions were improving, although

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bistro-Phosphate to Put On Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms and legs, straightening out the ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

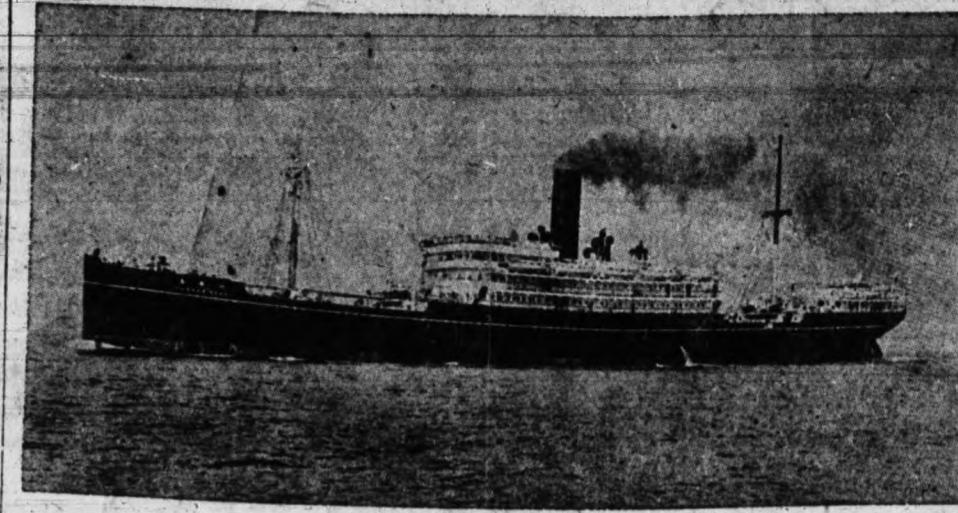

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Phosphate, like the sun, is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bistro-phosphate. It is a phosphate compound invented by Cyrus H. Bowes and most all drug-gists under guarantee of satisfaction or money back. By feeding the nerves directly and supplying them abundantly with the necessary phosphoric acid elements, bistro-phosphate quickly produces a welcome transformation in the appearance of the individual in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health, increased sleeplessness and lack of energy which almost always accompany excessive thinness soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

CAUTION: Although bistro-phosphate is unsurpassed for relieving nervousness, insomnia and general weakness, it should not overdo its remarkable flesh-growing properties. It is unsafe for anyone who does not desire to put on flesh.

N. Y. K. LINER FUSHIMI MARU

LIGHT CRUISER SETTLES RIOT IN SHIP'S CREW

Trouble Breaks Out in Willhilo off Salvador Coast

San Francisco, April 8.—A mutiny of so serious a nature that the light cruiser *Tacoma* had to be summoned to quell it, broke out on the Williams Line steamer *Willhilo* two days ago while she was off La Union, Salvador, and she is now under convoy of gales which hampered her progress, resulting in the ship reaching this port one day behind schedule.

Captain Kanda left by the *Fushimi Maru* shortly before noon for Seattle and will sail via New York for Europe.

The *Lisbon Conference* is the seventh meeting of the body, previous meetings having been held at London, Paris and Brussels.

Baron Kanda and party will proceed direct to London and thence to Lisbon via Paris and Madrid.

To Return to States.

Two Governor Lifeboats Found

Seattle, April 8.—Two capsized lifeboats from the passenger liner Governor, rammed and sunk off Point Wilson early Friday morning, due at her dock Friday morning, is the busiest man on the Atlantic. He is Belmont G. Wodehouse, author of "Picadilly Jim" and other popular works, and he is writing a novel against time. The manuscript must be done when the Adriatic arrives at New York, and Mr. Wodehouse has been putting in long hours on it daily during the voyage.

Other prominent passengers on the Adriatic, steaming from Southampton and Cherbourg to New York, due at her dock Friday morning, is the busier man on the Atlantic. He is Belmont G. Wodehouse, author of "Picadilly Jim" and other popular works, and he is writing a novel against time. The manuscript must be done when the Adriatic arrives at New York, and Mr. Wodehouse has been putting in long hours on it daily during the voyage.

At the headquarters of the Steamboat Inspection Service in Seattle it was said this morning that Inspectors H. C. Lord and Donald S. Ames, who are investigating the disaster, probably will have their findings ready next week. They expect to reach a decision at the end of this week, but the testimony taken is so voluminous that it will require five or six days for analysis.

BUSIEST MAN ON ATLANTIC OCEAN IS WRITING NOVEL

Pelham G. Wodehouse, Au- thor of "Picadilly Jim," Crossing on Adriatic

On board the White Star liner Adriatic, steaming from Southampton and Cherbourg to New York, due at her dock Friday morning, is the busier man on the Atlantic. He is Belmont G. Wodehouse, author of "Picadilly Jim" and other popular works, and he is writing a novel against time. The manuscript must be done when the Adriatic arrives at New York, and Mr. Wodehouse has been putting in long hours on it daily during the voyage.

Other prominent passengers on the Adriatic are George Clausen, prominent English painter, and member of the Royal Academy; Professor J. H. Ross, of Cambridge University, noted historian, who is booked for a lecture tour in the United States; Dwight W. Morrow, member of the firm of J. P. Morgan & Company; Irving T. Bush, president of the Bush Terminal Company, and His Excellency Eugen De Joiney, also Hon. H. J. Skeffington, U. S. Commissioner of Immigration, of Boston.

The Adriatic has 225 passengers in first cabin, 182 in second cabin and 453 third class. She is bringing gold valued at \$341,000, and 5,300 sacks of mail.

AMERICANS ARE DEPORTING ALIENS

Omaha, Neb., April 8.—Aliens for deportation to their native countries passed through Omaha early to-day en route to Hoboken by way of Chicago. They were in special cars on a Union Pacific train, one of the cars having come from Canada and the other from San Francisco. Some of them were placed on the train at various points along the route between the Pacific coast and Omaha.

LOWER WAGES IF RAILWAY RATES TO BE REDUCED

Vancouver, April 8.—Only by dispensing with the unnecessary train services and by reducing wages can freight rates be brought down, Hon. F. B. Carvell, chairman of the Dominion Railway Commission, told members of the Vancouver Kiwanis Club in an address yesterday.

"We have built too many railways. There is too much duplication of services. These must be cut down, but the problem is where to begin. The people want lower freight rates, but they will not permit us to cut off costly Sunday trains without a howl of protest. The country must make up its mind that some services must be forgone if rates are ever to come down," he said.

"Next to the unnecessary train services, the greatest factor in maintaining high rates are the wages of the men," he said. "These must be paid as the result of the McAdoo award and the Chicago award of July 1, 1920. There are station agents on the Canadian lines, Railways whose wages run from \$120 to \$125 a month, but who are making \$70 to \$125 a week as the result of overtime."

"If the public is willing to have these things go on, then it cannot look for any decrease in freight rates."

BREAD IN SPAIN.

Madrid, April 7.—A royal order issued through the Ministry of Public Works to-day prohibits the importation of the sale of wheat flour and bread. Under this order farmers will be compelled to sell their grain at a price which will insure against a rise in the price of bread, while millers must grind the wheat at a minimum of 13 and a maximum of 14 pesetas a hundred kilograms.

START "CLEAN UP" OF CABARETS AND LOCAL CHINATOWN

North Would Not Allow Young
Girls or Unescorted Women
in Cabarets

DISCUSS LIQUOR-LAW AND STREET SERVICES

A "clean up" of local cabarets and of Chinatown will be undertaken by the Victoria Police Commission, that body decided at its meeting yesterday.

At the urgent request of Commissioner Joseph North, who urged that no girls under eighteen or any unescorted woman be allowed in cabarets, the Commission determined to draw up immediately a by-law governing conduct and entertainment in Chinatown.

The Commission also discussed briefly the enforcement of the Prohibition Act and refused to allow liquor to be sold in street services here.

Mr. North wanted to abolish all street services save those conducted by the Salvation Army, but the other Commissioners would not go this far.

Cabaret Control.

"I would like to get the cabarets under the law," said Mr. North. "I understand there was a kind of verbal agreement between the police commissioners and the owners of cabarets. I don't like to work with an agreement. I like to work with something I can work with. I would suggest that a by-law and a law be framed up to get the cabarets under control."

I would not allow young girls under twenty-one years of age in cabarets. I would not allow any lady in them unless she is with an escort. That would stop soliciting in those places, and I think it is an essential thing for the city to stop it. It would be more effective than other methods. I tried to get them to help me, but they would not, and I came here and found I had no authority."

The Mayor pointed out that the city had secured power to control cabarets in its 1921 Private Bill. The old cabinet bill, which had been rejected last year, he said, would be brought before the Commission and the whole question could be considered.

Probes Chinese Gambling.

Discussion of vice in Chinatown was provoked by a letter from James Hall, who asked to know whether Dr. Hall and Mr. North had been elected Police Commissioners or building inspectors.

"A visit to Chinatown reveals a condition of things so contrary to what we would expect in a civilized community that I think that the Fire Chief and Building Inspector might develop some legislation and regulations that would prevent the Chinamen building barricades," Dr. Hall advised. "In case of fire this would be an actual menace. We know what they do for."

"I have been there two or three times," said Mr. North. "I didn't see white men—only Chinamen. The gambling in Fan Tan Alley I understand, is within the law. Upstairs it is not within the law; there they play

WHAT MADE THE CHANGE?

This Woman Says Lydia E. Pinkham's Vegetable Compound Made Her a New Woman

Pittsburgh, Pa.—"Before taking Lydia E. Pinkham's Vegetable Compound I had bearing down pains so badly I could hardly stand up. I was white and very thin and nervous, had a poor appetite and only weighed 112 pounds. I took ten bottles and gave it a fair trial. When I finished the last bottle everyone asked me what made the wonderful change. I told them it was about Lydia E. Pinkham's Vegetable Compound and I recommend it wherever I can. I give you permission to publish this letter to help suffering women as your remedies are a Godsend and made a new woman of me."—Mrs. F. A. Baker, 474 Butler St., Pittsburgh, Pa.

Why a woman dressed around day after day, suffering from Backache, bearing-down pains, nervousness and "the blues," enduring a miserable existence when they have such evidence as the above that Lydia E. Pinkham's Vegetable Compound is a dependable remedy for such trouble. For nearly forty years this grand old root and herb medicine has been restoring the health of women of America to health.

Fan tan. There's a man on top of the stairs and if he falls you cannot get up unless you get him asleep. Constable Bishop took me through. We looked in one place but they slammed the door. We looked in another and there was no man on the stairs. I went up the stairs and turned up just as he got to the top he ran into a Chinaman. The Chinaman was too late, so we got in. There was a roll of money of about \$350 on a table wrapped in a cloth waiting for the dealers to come in and start. That's not right. We have open clubs and these Chinamen should have the same.

Danger From Partitions.

"There are partitions this way and that way and the constables, I am told, pretty nearly got into a fire when they were taking a 'Tug' and bump into partitions all over and upset lamps. It is up to the city to take it up and clean it out."

Dr. Hall thought that the City Council should bring into force regulations which would do away entirely with partitions and unlawful partitions in Chinatown.

It was decided to ask the Council to frame such regulations.

Chief Fry stated, in answer to Dr. Hall that, "so far as he could discover, no white men were marking tickets in lotteries in Chinatown at the present time."

Mormon's Application.

"I don't think it's nice to have every corner occupied with a church," Mr. North protested, "when an organization which the Mayor said was the Mormon Church, applied for a permit by letter for the right to hold street services."

"If you want to go to church, go to church. The Salvation Army is very good and I would not take their privilege away but I don't like people on every corner preaching. It looks very funny to me. Let no one but the Salvation Army have this privilege. Let them hire a hall and go to it," he advised.

amid a burst of laughter, caused, no doubt, by recollections of the night when Mr. North "hired a hall and went to it" during the January election campaign.

"It may not happen frequently, but in this case I agree with Commissioner North that this request be refused," said the Mayor. "We have had complaints about people claiming to represent the Mormon Church and the doctrine they are teaching."

With Dr. Hall voting against the motion, it was decided to refuse the request of the Mormons. Mr. North's motion that no organization but the Salvation Army be allowed to hold street services, however, was turned down as the Mayor did not wish to go this far.

Discuss Prohibition Enforcement.

"Have any orders been issued that any clause or clauses in the Prohibition Act should not be enforced?" Dr. Hall asked Chief Fry near the end of the meeting.

Chief Fry: No.

Dr. Hall: Is the Act being enforced to the best of your ability?

Chief Fry: So far as the police are capable.

Dr. Hall: Do you need any assistance in respect to doing it any other way?

Chief Fry: If you use stod paint to buy liquor you would get better results. There are fifty policemen and we are all known. To catch the liquor that is waiting in the sink in a glass is difficult. Before you can jump over the counter it is down the sink."

Dr. Hall: You are doing your utmost to enforce the Act?

Chief Fry: Yes.

MY TIRED FEET
ACHED FOR "TIZ"

Let Your Sore, Swollen, Aching
Feet Spread Out in a
Bath of "Tiz."

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tormented feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz."

It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz."

It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a box of "Tiz" at any drug or department store; don't wait. All you need is a few drops; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

**TEACHERS' STRIKE
IN MOOSE JAW
IS POSTPONED**

Moose Jaw, April 8.—The members of the Moose Jaw Teachers' Alliance, who voted to have gone on strike at 4 o'clock this morning, decided yesterday afternoon to postpone the strike until Tuesday next at 4 o'clock.

The Alliance statement maintains that the difference existing between the Board and the Alliance is now \$3,160.

The meeting yesterday afternoon was enlivened by a heated discussion, and according to a statement given out by the Alliance officials it was only after persuasion that the teachers decided to take the course urged by the leaders.

The Alliance statement maintains that the difference existing between the Board and the Alliance is now \$3,160.

Produce What's Used—Use What's Produced

This is our idea of a slogan, but back of the words must be action.

"Faith without works—," but you know the rest of it.

Production of oil in Canada is what we are most interested in. The oil is here, but it can't run out of the ground, refine and market itself.

This is YOUR opportunity—what are YOU going to do about it?

The Canadian U.S. Oil and Refining Corporation has a well defined plan for developing the oilfields of the great Northwest.

We have five of the choicest locations possible to obtain; they are:

1. Lease in Block 16, immediately adjoining the Imperial's gusher at Fort Norman.

2. Lease on Patterson claim, immediately adjoining the property which will be drilled by the Fort Norman Oil and Development Company.

3. Lease at Windy Point, adjacent to the Imperial well, which has reached a depth of 300 feet.

4. Lease at Pine Point, immediately adjoining the Imperial's holdings.

5. A quarter section in the Pouce Coupe field, west of the Imperial.

We shall drill on three of them this Summer, as follows:

Fort Norman, adjoining the Imperial's gusher; Windy Point and Pouce Coupe.

Back of our holdings in Canada, the Company has 58 producing wells and 8 wells drilling in the proven fields of Texas, Oklahoma and Louisiana.

The Corporation is the result of the consolidation of four producing and operating companies in the South. These were amalgamated for the purpose of making a safe background for Canadian investors, to whom we are offering treasury stock for the purpose of developing the Northwestern Canadian fields.

Treasury stock is now offered at par—\$1.00 per share—for the purpose of carrying on this development.

How much of it do YOU want? How much will YOU bet on Canada?

Well managed, producing oil companies never fail.

Phone, write or call for information. Thorough investigation requested. Next dividend will be paid June 1st.

**A. FREED, NELSON,
REPORTED MISSING**

Nelson, April 8.—Alfred Freed, aged sixty-eight years, who has been living by himself at 912 Sicilia Street, has not been seen since Tuesday morning when he was seen by a school girl starting for the Granite Road with a fishing outfit. His relatives, Mr. and Mrs. August Collin, reported his disappearance yesterday, and Provincial Constable H. W. King has searched the Kootenay River bank as far as Tagum without obtaining any clue from the char and graying fisherman. It is thought he fell into the river.

**VANCOUVER CHILD
ATE POISON; DIED**

Vancouver, April 8.—The four-year-old son of W. C. Findlay, a well-known local newspaperman, died as the result of eating rat poison biscuits which he found while playing with two companions in the basement of a neighbor's house yesterday afternoon.

Three men are dead and three others seriously ill at Covington, Mich., as a result of drinking wood naphtha while celebrating their return from a winter's work in the lumber camps.

Representatives of trade unions at St. Joseph, Mo., appealed to the Commerce Club to use its influence to have physicians, lawyers and other professional men reduce their fees.

Burdens grounds in memory of the late E. O. S. Scholefield, Provincial Librarian for many years.

Mrs. Scholefield was indisposed and not able to attend the ceremonies.

In the following resolution the Veterans made their point clear:

Whereas the Provincial Government has announced a reduction in the wages paid to men engaged on public works in this Province from the first of April; and

Whereas this reduction in wages was said to be based on a decrease in the cost of living; and

Whereas this action of the Government of the Province has resulted in a general cut in wages for all other work of this nature undertaken by municipalities or by the Federal Government;

Whereas the fact that the Government has recently found it necessary to increase the salaries paid to Cabinet Ministers and private members of the House, showing that they now realize that their previous statement that the cost of living was decreasing was based on a misunderstanding;

Therefore be it resolved that this association confidently expects that the Government will at once take steps to have its previous order rescinded, and restore the wages for public works to a pre-existing rate.

Copies of this resolution were being sent to the Premier, the Minister of Public Works and the Minister of Finance.

Per Capita Grant.

That the cash per capita grant had been withheld from the Veterans of France was disclosed last night at the regular meeting of that body. When the provision had been made, the Veterans had not taken advantage of the grant on the ground that it was thought divisible among so much as possible by their own efforts, but the poverty rampant during the winter had caused them to change their minds on this, and when application was made the grant was not forthcoming, it was stated.

The Veterans appointed a committee to act with the joint ex-service committee in inquiring into the situation with regard to the operation of the new liquor acts. Another committee was appointed to take up the question of military hospitals, and the closing of the Esquimalt unit. Communications are to be made with departments at Ottawa in connection with the ships at the Cholberg yards. It was thought that the Ottawa Government should take over the contract.

**HURRY-UP FINISH
TO THE LEGISLATIVE LABORS CONDEMNED**

Saanich Council Protest Omission of Expected Municipal Act Amendments

Sharp criticism of the Legislature was voiced by the Saanich Council last night. A letter from Premier Oliver, asking the views of the Council as to when municipal legislation expected to be passed at the proposed Fall session of the House, should come into effect, broached a storm of angry comment upon the omission of needed amendment to the Municipal Act and many others sine die omission and commission.

Mr. Bruce Culham, Sheffield, Ont., writes: "In December, 1919 I was very sick with bronchitis, and had to stay in the house all winter. One day I saw Dr. Wood's Norway Pine Syrup, advertised, so I got a small bottle which helped me very much. I am relieved me. I cannot praise 'Dr. Wood's' enough for what it did. Two of my neighbors are now using it for colds."

Don't accept a substitute for Dr. Wood's Norway Pine Syrup; the genuine is put up in a yellow wrapper; tree pine bears the trade mark; price 35c. and 50c.; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Councillor McWilliams suggested that apparently the members of the House wanted to get things in a hurry, whereupon George Watson remarked, "I don't wonder. I'd want to fly the country if I'd done what they did. It would be as good if some of the Saanich Council were the Legislature." Councillor Simpson said, amid laughter, "We couldn't be worse, anyway."

The Council then decided to request that any new financial arrangements be drafted to come into effect on the coming of the New Year, and motion of Councillor Simpson added a rider stating the Council to be "very disappointed that nothing has been done by the Legislature this year."

Others who took part in the ceremony were: Dean Qualton, Dr. Newcombe, Herbert Killam, head of the Travelling Library Commission; G. H. Dawson, former Surveyor-General; J. E. Griffith, Deputy Minister of Public Works; Miss Emily Provincial Librarian; Miss Helen Stewart, Chief Victoria Librarian; Miss Mary Stewart and Mrs. Austin, and other members of the Victoria and Provincial libraries.

Mr. Hosie assisted Librarian Forsythe in making the arrangements for the ceremony.

**PREMIER PLANTS
MEMORIAL BEECH**

Tree Is in Honor of Late E. O. S. Scholefield, Provincial Librarian

Premier Oliver yesterday afternoon performed the ceremony of planting the Scholefield memorial copper beech in front of the Connaught Provincial Library on the Parliament

Premier Forsythe in making the arrangements for the ceremony.

**VETERANS DISCUSS
SESSIONAL INCREASE**

Concerned Over Salary Indemnity, While Daily Labor Reduced to \$3.50 a Day

At the regular meeting last night the Veterans of France considered a number of questions concerning topics of the day. The action of the Legislature in increasing salaries and sessional indemnities was warmly criticized, while it was pointed out that the Government at the same time cut the wages of the men employed upon government labor from \$4.25 to \$3.50, and had issued a circular to the effect that \$3.50 a day would be the standard wage for daily labor in this province.

This new scale had been seized upon by the drydock contractors and sub-contractors, who were making that their rate of pay, it was said. It was figured that man could work but 21 days a month, on account of weather and other conditions, and at that rate would not be able to support himself and his family, and could not possibly make ends meet. The Veterans thought that the action of the Government, in the light of the treatment meted out in this particular, was thoughtless, and would be reconsidered when the legislators considered this phase of the question in the light of their own salary and indemnity increases.

Pass Resolution.

In the following resolution the Veterans made their point clear:

Whereas the Provincial Government has announced a reduction in the wages paid to men engaged on public works in this Province from the first of April; and

Whereas this reduction in wages was said to be based on a decrease in the cost of living; and

Whereas this action of the Government of the Province has resulted in a general cut in wages for all other work of this nature undertaken by municipalities or by the Federal Government;

Whereas the fact that the Government has recently found it necessary to increase the salaries paid to Cabinet Ministers and private members of the House, showing that they now realize that their previous statement that the cost of living was decreasing was based on a misunderstanding;

Therefore be it resolved that this association confidently expects that the Government will at once take steps to have its previous order rescinded, and restore the wages for public works to a pre-existing rate.

Copies of this resolution were being sent to the Premier, the Minister of Public Works and the Minister of Finance.

Per Capita Grant.

That the cash per capita grant had been withheld from the Veterans of France was disclosed last night at the regular meeting of that body. When the provision had been made, the Veterans had not taken advantage of the grant on the ground that it was thought divisible among so much as possible by their own efforts, but the poverty rampant during the winter had caused them to change their minds on this, and when application was made the grant was not forthcoming, it was stated.

The Veterans appointed a committee to act with the joint ex-service committee in inquiring into the situation with regard to the operation of the new liquor acts. Another committee was appointed to take up the question of military hospitals, and the closing of the Esquimalt unit.

Communications are to be made with departments at Ottawa in connection with the ships at the Cholberg yards. It was thought that the Ottawa Government should take over the contract.

**BEWARE OF
BRONCHITIS**

Bronchitis is generally caused by neglecting a cold, or exposure to wet and inclement weather. It begins with tightness across the chest, difficulty in breathing, and a wheezing sound comes from the lungs. There is a raising of phlegm, especially the first thing in the morning. This is at first white, but later becomes of a greenish-yellow color, and is occasionally streaked with blood.

On the first sign of bronchitis you should check it immediately by using Dr. Wood's Norway Pine Syrup, thereby prevent it becoming chronic, and perhaps developing into some more serious trouble.

Mr. Bruce Culham, Sheffield, Ont., writes: "In December, 1919 I was very sick with bronchitis, and had to stay in the house all winter. One day I saw Dr. Wood's Norway Pine Syrup, advertised, so I got a small bottle which helped me very much. I am relieved me. I cannot praise 'Dr. Wood's' enough for what it did. Two of my neighbors are now using it for colds."

Don't accept a substitute for Dr. Wood's Norway Pine Syrup; the genuine is put up in a yellow wrapper; tree pine bears the trade mark; price 35c. and 50c.; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

One day I saw Dr. Wood's Norway Pine Syrup, advertised, so I got a small bottle which helped me very much. I am relieved me. I cannot praise 'Dr. Wood's' enough for what it did. Two of my neighbors are now using it for colds."

Don't accept a substitute for Dr. Wood's Norway Pine Syrup; the genuine is put up in a yellow wrapper; tree pine bears the trade mark; price 35c. and 50c.; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

On the first sign of bronchitis you should check it immediately by using Dr. Wood's Norway Pine Syrup, thereby prevent it becoming chronic, and perhaps developing into some more serious trouble.

Mr. Bruce Culham, Sheffield, Ont., writes: "In December, 1919 I was very sick with bronchitis, and had to stay in the house all winter. One day I saw Dr. Wood's Norway Pine Syrup, advertised, so I got a small bottle which helped me very much. I am relieved me. I cannot praise 'Dr. Wood's' enough for what it did. Two of my neighbors are now using it for colds."
